

THE Dickens Calendar which graces GRIP's sanctum through the kindness of Messrs. Williamson & Co., is a very unique idea. It is a beautifully lithographed card, representing the great novelist seated in his study in a reverie, the upper atmosphere being filled with the well-known creations of his fancy. On the date pad an appropriate quotation from his works is given for every day of the year.

A NICE thing to have in the house—a tube of Dyer's Jelly of Cucumber and Roses for the chapped hands; it cures them completely. Druggists keep it. Wm. A. Dyer & Co., Montreal.

T. GRANGER STEWART, M.D., F. R. S. E., Ordinary Physician to H. M. the Queen in Scotland, Professor of Practice of Physic in the University of Edinburgh, in an article on Bright's disease, says, "Dyspnoea (difficult breathing) is frequently met with in the inflammatory and cirrhotic forms of the disease and may be independent of any local lesion, being probably a result of uramic poisoning." And it is well known that uramic poisoning arises from kidney disease. So much known, it remains to recognize the fact that, to remedy an effect, the cause must be removed, and it is universally acknowledged that Warner's Safe Cure is the only reliable remedy for kidney disease.

CONSUMPTION CURED.

AN old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this receipt, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. NOYES, 149 Power's Block, Rochester, N. Y.

THE "Main Line" opened on Monday at the Toronto Opera House, for a week's run. The company is said to be one of the best troupes that has played at this theatre this season. The "Main Line" played at the Grand last season. This will be its first production at popular prices. There will be the usual matinees.

LONGEVITY.

SCIENTIFIC men see no reason why the span of human life may not be extended to a round hundred years from the present limit of seventy to eighty years.

From Adam's time to that of Methuselah and Noah, men are recorded as attaining to well nigh the age of 1,000 years. The Psalmist David, however, says: "The days of our age are threescore years and ten; and though men be so strong that they come to fourscore years, yet is their strength then but labor and sorrow; so soon passeth it away, and we are gone."

This wide margin of longevity, together with proper observance of mental, moral

and physical laws, leads investigators to believe it is possible that human life might be made to increase in length of days to a full century, at least.

Moderation and regularity in eating, drinking and sleeping are conducive to longevity, and those who observe proper habits and use pure and efficacious remedies when sick, may accomplish immense labor with no apparent injury to themselves and without foreshortening their lives.

Hon. H. H. Warner, President of the Rochester, N. Y., Chamber of Commerce, and manufacturer of the celebrated Warner's Safe Cure, has devoted much time and research to this subject of longevity, and has arrived at the satisfactory conclusion that life may be prolonged by rational and natural means. Thousands of persons are living to-day—enjoying the blessing of perfect health and vigor—who will testify to the almost magical efficacy of Warner's Safe Cure in restoring them to physical potency and to the normal type of constitution, after they had almost given up hope of life.

After middle age, many begin to lose their wonted vigor of body, and thereupon give way to inertness and useless repining. Yet all such have within reach that which both renews youth and contributes to the prolongation of life. Warner's marvelous Safe Cures are in every drug store, and are now regarded as standard specifics throughout the civilized world.

The strong desire to attain old age—meantime retaining the virile powers of body and mind—is necessarily connected with the respect paid to aged persons, for people would scarcely desire to be old, were the aged neglected or regarded with mere sufferance.

TO THE DEAF.—A person cured of Deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it free to any person who applies to Nicholson, 177 McDougall Street, New York.
