Mr.

"The Angel of the Lord encampeth found about them that fear Him, and delivereth them." Such is a verse of holy writ made familiar to very many residents of St. Thomas by the wellknown evangelist, Rev. J. E. Hunter. In letters evangelist, Kev. J. E. Hunter. It letters of gold in the stained glass fanglight over the door of his residence. No 113 Wellington street, in the text "Psalm XXIV, 7." Though we live in an age noted for its energetic, zealous Christian endeavor, this idea of Mr. Hunter's to impress the truths of the scriptures upon those who read though they run, is altogether so original and so novel that those who read though they run, is altogether so original and so novel that it at once excites the curiosity. Those not familiar with the text make a mental note of it, and at the first opportunity look it up. This is just what was done by a representative of the Journal, who had occasion to visit Mr. Hunter's residence the other day. But with the object of the visit and the information obtained the reader will be more concerned. The reporter was assegned to investigate a reporter was assigned to investigate a marvellous cure said to have been effected in the case of a young lady employed in Mr. Hunter's family, by that well-known and popular remedy, Dr. Williams Pink Pills. And it was a wonderful story that the young lady had to tell, and is undoubtedly as true as it is wonderful. Last June the same reporter interviewed. Mrs. John Cope, wife of the tollgate-keeper on the Loudon and Port Stanley and who had been cured by Pink Pills. road, who had been cured by Pink Pills of running ulcers on the limbs after years of suffering, and after having been given ap by a number of physicians. The old lady had entirely recovered, and could not say too much in praise of Dr. Williams' Pink Pills, which had given her a new lease of life. As it was with Mrs. Cope, so was it with Miss Edna Harris, the young lady in the employ of Mr. Hunter's family who has been restored to health and strength by Pink Pills. Miss Harris has just passed her twentieth Year, and is a daughter of George Harris who lives at Yarmouth Heights, an is employed by Mr. Geo. Boucher, florist

employed by Mr. Geo. Boucher, notice and plantsman.

"I believe Dr. Williams' Pink Pills saved my life, and I am quite willing that everyone should know it," was the reply of Miss Harris when asked if she had been benefitted by Pink Pills, and if so would she make public her story. Continuing, she said. "When I was twelve or thirteen years of age I was first taken sick. The doctors said my bood had all turned to water. For gye years I suffered turned to water. For gve years I suffered terribly, and was so weak that I could barely keep alive. It was only my grit and strong will, the doctors said, that kept me alive at all. It I tried to stand for a short time, or if I got the least bit warm I would tall over in a faint. My green white and classy and I was warm I would ta!! over in a faint. My eyes were white and glassy, and I was so thin and pallid that every one believed I was dying of consuption. During the five years I was ill, I was attended by the physicians in St. Thomas, two in Detroit one in I and on and one in Admen Detroit, one in London and one in Aylmer and none of them could co anything for me. I was so far gone that they had no hopes of my recovery. Towards the last my feet and limbs swelled so they had to be bandged to keep them from bursting. They were bandaged for three months, and my whole body was swollen and bloated, and the doctors said their was not a pint of blood in my body, and they held out no hopes whatever. Two years two I saw in the Journal about a man in ago I saw in the Journal about a man in Hamilton being cuaed by taking Pink Pills. I thought if they could cure him they would help me, and I decided to try them. Before I had finished three boxes I selt relieved; the swelling went down ved. I conng the bandages were re tinued taking Pink Pills until I had taken seven boxes, then irregularly I took three more, one of which Mr. Hunter brought back from Brockville. I am Prefectly cured. I hove not been ill a single day since I finished the seventh box of pills. I came to Mrs. Hunter's a Year ago, and she will tell you I have hever been ill a day since coming here. hever been ill a day since coming here, and I always fell strang and able to do
the work. I can and do strongly recominend Dr. Williams' Pink Pills," said
Miss Harris in conclussion. Her appearance is certainly that of a strong,
healthy young woman.
Mrs. J. E. Hunter, wife of the evanSelies told the proporter that Miss Harris

gelist, told the reporter that Miss Harris was a good, reliable and truthfulgirl, and that prefect reliance could be placed in her statements. "She looks like a different girl from what she was when she came here a year ago," said Mrs. Hunter. The facts above related are important

to parents, as there are many young girls just budding into womanhood whose condition is, to say the least, more critical than their account in the condition of the condition o than their parents imagine. Their com-plexion is pale and waxy in appearance, troubled with heart palpitation, headaches, shorthess of breath on the slightest exercise, faintness and other distressing symptoms which invariably lead to a premature grave unless prompt steps are taken to bring about a natural condition of health. In this emergency no remedy of health. In this emergency no remedy yet discovered can supply the place of Dr. Williams' Pink Pills, which build anew the blood, strengthen the nerves and restore the glow of health to pale and sallow cheeks. They are cortain cure for all troubles peculiar to the temale system, young or old. Pink Pills also cure such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St Vitus' dance, nervous prostration, the after effects of la grippe, and severe colds, diseases depending on humors in the blood, such as scrofula, curonic erysipelas, etc. In the case of men they effect sipelas, etc. In the case of men they effect a radical cure in all casses arising from mental worryl overwork or excesses.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark. They are never sold in bulk, and any dealer who offers substitutes in this form is trying to defraud and should be avoided. The public are cautioned against other so called blood builders and nerve tonics; put up in similar form intended to deceive. Ask for Dr. Wilhams' Pink Pills for Pale People, and refuse all imitations and substitutes. Can be had from all dealers or by mail from the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box or six boxes for \$2.50.

The Montreal True Witness announces that a complete exposure and re-futation of Chiniquy will be given to the public before very many more months. It is a pity the public did not learn sooner what manner of man Chiniquy was before he finally fell away from the Church. His influence for evil would have been materially lessened. A few months ago he himself publicly owned that he had been guilty of immorality, but with amazing impudence charged his misconduct to the Church, which forbids her clergy to marry.

HOW IS THIS?

Something unique even in these days of mammoth premium offers, is the latest effort of Stafford's Magazine, a New York monthly of home and general reading.

The proposition is to send the magazine one year or one dollar, the regular subscription price, and in addition to send each subscriber fifty-two complete novels during the twelve months; one each week.

Think of it. You receive a new and complete novel, by mail, post paid, every week for fifty-two weeks, and in addition you get the magazine once a month for twelve months, all for one dollar. It is an offer which the publishers can only afford to make in the confident expectation of getting a hundred thousand new subscribers. Among the authors in the comink series are Wilkie Collins, Walter Besant, Mrs. Oliphant, Mary Cecil Hay, Florence Marryat, Anthony Troliope, A Conan Doyle Miss Bradden, Captain Marryat, Miss Thackery and Jules Verne. If you wish to take advantage of this unusual opportunity send one dollar for Stafford's Magazine, one year. Your first copy of the magazine, and your first number of the fifty two novels (one each week) which you are to receive during the year will be sent you by return mail. Remit by P. O. ARE YOU INTERESTED?

We are obliged to again call the attention of some our subscribers to the amounts owing on their sub-criptions. When the amount runs for a year or more, it means that we have virtually loaned so much money without interest, because it practically represents what we have to pay to printers and for paper, press-work, pos-tage, etc. Very few appre-ciate the effort and energy required to maintain an organ for their defence, but we are satisfied that the main cause of slow payments is oversight and neglect. We need our money, need it now and trust that when this notice is read by a delinquent subscriber that he will not "put off

W. H. Comstock, Brockville, Ont.

Dear Sir, —Your "Dr. Morse's Indian Root Pills' are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheelin the works, and what is the result?—at first, only a slight difference is perceptible in its time-keeping, but wait you; a the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve v.gor and vitality.

Yours faithfully,

E. R. ATWELLE.
