

Delicious Drink

Horsford's Acid Phosphate

with water and sugar only, makes a delicious, healthful and invigorating drink.

Allays the thirst, aids digestion, and relieves the lassitude so common in midsummer.

Dr. M. H. Henry, New York, says: "When completely tired out by prolonged wakefulness and overwork, it is of the greatest value to me. As a beverage it possesses charms beyond anything I know of in the form of medicine."

Beware of Substitutes and Imitations.

Among the theological books announced by The Macmillan Company, is an interesting volume by the Rev. J. E. C. Welldon, D.D., entitled "The Hope of Immortality." It is not intended, however, especially for theologians, but on the contrary, is for those who without such pretensions have yet deep thoughts and feelings about religion, and a desire to face the facts of human nature and life.

Sir Walter Besant's "The City of Refuge" is to be published in the early autumn. It deals with the supernatural to some extent, and its chief incidents occur in a community, situated near the city of Alderbury, New York. The heroine is said to be a young girl of great beauty, who is a member of the community and who has the power of conversing with the dead. A young Englishman of high social position, who has pursued his enemy to this community, is the hero of this tale, which goes into a new field for this author, and should make a stir because of the commingling of a charming love story with the ghostly occurrences touched upon.

September 15th will be publication day for several notable and long-expected works of fiction, including "The Heart of Princess Oera," by Anthony Hope; "Sweetheart Travellers," by S. R. Crockett; "The Herb-Moon," by John Oliver Hobbes; and "One Day's Courtship," by Robert Barr. The scene of Anthony Hope's story is in Zenda, and the time somewhat earlier than that of the "Princess of Zenda." "Sweetheart Travellers," which its author calls a Child's Book for Children, for Women, and for Men, is largely an account of a cycling trip made by Mr. Crockett and his little daughter through many odd corners of Great Britain. In the Old Country it has had an enormous sale and should have a strong attraction for the multitude of cyclers, and others, here. "One Day's Courtship," is a story of an English artist and a Boston girl. The courtship takes place among most amusing and unusual circumstances, at the Shawenegan Falls of the St. Maurice River in Canada. The subject is treated with Mr. Barr's characteristic humor and vivacity.

The following books are announced by Messrs. Harper & Brothers for publication during September: "History of the German Struggle for Liberty," by Poultney Bigelow; Curtis's "Constitutional History," Volume II.; "Literary Landmarks of Venice," by Laurence Hutton; "With My Neighbours," by Margaret E. Sangster; "The Old Infant, and Similar Stories," by Will Carleton; "Modern Greek Mastery," by T. L. Stedman, A.M., M.D.; "Harper's Dictionary of Classical Literature and Antiquities," edited by Professor Harry Thurston Peck; "Shakespeare the Boy," by William J. Rolfe; "Aspects of Fiction, and Other Ventures in Criticism," by Brander Matthews; "Rick Dale," by Kirk Munroe; "Lyell's Geology" (new edition); "Reminiscences of an Octogenarian, 1816-1860," by Charles H. Haswell; and "Impressions and Experiences," by W. D. Howells.

The Kidneys and Liver.

THEIR DERANGEMENT THE SOURCE OF MUCH SUFFERING.

A Great Sufferer for Thirty Years Tells How He Obtained a Cure—His Advice Should be Followed by Others Similarly Afflicted. From the Caledonia, N.S., Gold Hunter.

Mr. George Uhlman, a well-known farmer living near New Elm, is loud in his praise of the benefits he received from the use of Dr. Williams' Pink Pills. Recently while visiting his daughter in Hemford, he was interviewed by a reporter and to the scribe's salutation, "Well, Mr. Uhlman, you are looking ten years younger than you did two years ago," he promptly replied, "yes, and I am feeling that many years younger. I am now in my sixty-fourth year and am feeling better than I did when I was thirty-four. It is pretty generally known hereabouts that I suffered intensely for upwards of thirty years from kidney and liver trouble, during which time I was treated by different doctors, and I can hardly tell how many different kinds of patent medicines I used, but can say 'heaps' of it, but I got very little relief from them. Eventually I began to think my case incurable. But I have found a cure and one which I believe is permanent, and if you are interested I am willing to tell what it has done for me. While having a very bad spell and suffering intensely from the effects of liver and kidney troubles, I noticed an advertisement of Dr. Williams' Pink Pills and thought I would try them. After beginning their use I found a gradual improvement, and having suffered as long and as severely as I did, you may be sure that I determined to continue the treatment. Very steadily the improvement went on, and after a few months' treatment with the Pink Pills I felt that the last vestige of my trouble had disappeared. New blood seemed to course through my veins, and the organs which for so many years imperfectly performed their functions now work like a charm and give me not the slightest trouble. In addition to this my weight has materially increased, and I can stand a day's work on my farm better than I have been able to do in years before. Of course this may sound enthusiastic, but I know what Pink Pills have done for me and I naturally feel grateful, and I never lose an opportunity to say a good word for this grand medicine."

The secret of health, strength and activity is pure blood and sound nerves. Dr. Williams' Pink Pills make pure, rich, red blood and strengthen the nerves, and this is the secret of the marvellous success with which this medicine has met—the reason why it cures when other medicines fail.

The list of diseases having their origin in impure or watery blood, or a shattered condition of the nerves is a long one, but in every case Dr. Williams' Pink Pills will restore health and strength if given a fair trial. The genuine Pink Pills are sold only in boxes, bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People." Protect yourself from imposition by refusing any pill that does not bear the registered trade mark around the box.
