

Although many call CABBSA, few projects are chosen. The Board has worked with more than 15 black businesses in the manufacturing sector with good results: the creation and maintenance of 220 jobs (out of 370 total), and direct contribution to turnover amounts of just over 4 million rands out of a global amount of 8.6 million rands. Two companies employing 178 people and having sales of 3.6 million rands were re-used from bankruptcy situations and are well on the road to recovery. The ripple effect of other business developed has not been measured.
