Lund Crafts was founded in 1971 by Ruth Lund, the artist who originated the use of Canada's maple leaf and provincial flowers in several of the company's uniquely designed fabric products.

Included in our line are a wide range of decorator aprons, oven mitts, pot holders, place mats and coasters. Combined with our distinctive bags, calendars and wall hangings, Lund's products are found in giftware stores throughout Canada.

Over the years, we have added a variety of designs, such as our country themes and exclusive souvenir lines, which are made specifically to reflect the regions where they are sold.

All products are silk-screened by hand in delicate colours. As a result, our lines are known for their high quality and workmanship, making them excellent gift items for any occasion.

Unique fabric products for both the home and souvenir markets available in a wide range of distinctive themes.
