

3. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income assimilated to income from shares by the taxation law of the State of which the company making the distribution is a resident.

4. The provisions of paragraph 2 shall not apply if the recipient of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State professional services from a fixed base situated therein, and the holding by virtue of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article VII or Article XIV, as the case may be, shall apply.

5. Where a company is a resident of a Contracting State, the other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

6. Notwithstanding anything in this Convention, each Contracting State shall levy on the earnings of a company, being a resident of the other Contracting State, attributable to a permanent establishment situated in the first-mentioned State, a tax in addition to the tax which would be chargeable on the earnings of a company which is a national of the first-mentioned State, provided that any additional tax so imposed shall not exceed 15 per cent of the amount of such earnings which have not been subjected to such additional tax in previous taxation years. For the purpose of this provision, the term "earnings" means the profits attributable to a permanent establishment in a Contracting State in a year and previous years after deducting therefrom all taxes, other than the additional tax referred to herein, imposed on such profits by that State; however, it does not include the profits attributable to a permanent establishment of a company in a Contracting State earned in a year during which the business of the company was not carried on principally in that State.

ARTICLE XI

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may be taxed in the Contracting State in which it arises, and according to the law of that State; but the tax so charged shall, provided that the interest is taxable in the other Contracting State, not exceed 15 per cent of the gross amount of the interest.
