**Mr. Speaker:** Bearing in mind the terms of the order of this House made July 9, 1976 and before making reference to the provisions of that order which called for the adjournment of the House, may I say it is one of the more pleasant duties of the Speaker at this point to extend the customary invitation to members of the House, members of the press gallery and to those other officials too numerous to mention but who have been recipients of the invitation in the past, to join us all in celebrating a much needed rest from the travails of this place in room 16 at the moment of adjournment. Pursuant to the same order of July 9, and in conformity with every and each of the terms of that order, this House stands adjourned until October 12.

**Mr. Speaker:** I declare the motion carried.

At 2.59 p.m. the House adjourned until October 12, 1976 pursuant to special order made July 9.
