Architect and Surveyor—John Shaw, Esq

THE PHOENIX OFFICE

Was established by a numerous Proprietary, in January, 1782, upon principles of public utility.

The experience of nearly three-quarters of a century has manifested to the public the promptitude and liberality with which all losses have been adjusted by the *Phoenix Assurance Company*, to the extent of upwards of *Six Millions Sterling*.

Persons insured by this Company do not depend upon restricted funds for the payment of their claims, nor are they liable to make good the losses of others, as is the case in many Offices.

The security afforded to the Public by the *Phoenix Office* is unlimited, comprising, in addition to the large invested capital of the Company, the whole fortunes of a numerous Proprietary, comprised of some of the most opulent gentlemen and merchants in the Kingdom.

Rates of Premium, which have lately been considerably reduced, and all particulars of Insurance, may be had on ap-
