**NOTICE IN REGARD TO PUBLIC LIBRARY BOOKS, SCHOOL MAPS, APPARATUS, AND PRIZE BOOKS.**

The Chief Superintendent will add one hundred per cent. to any sum or sums, not less than five dollars, transmitted to the Department by Municipal or School Corporations, on behalf of Grammar and Common Schools; and forward Public Library Books, Prize Books, Maps, Apparatus, Charts, and Diagrams, to the value of the amount thus augmented, upon receiving a list of the articles required. In all cases it will be necessary for any person acting on behalf of the Municipality or Trustees, to enclose or present a written authority to do so, verified by the corporate seal of the Corporation. A selection of books, maps, or apparatus to be sent, can always be made by the Department, when so desired.

NOTE.—Before the order of the trustees can be supplied, it will be necessary for them to have filled up, signed, and sealed with a proper corporate seal, as directed, a copy of the Form of Application. On its receipt at the Education Office, the one hundred per cent. will be added to the remittance, and the order, so far as the stock in the Depository will permit, made up and despatched. Should the trustees have no proper corporate seal, the Department will, on the receipt of \$2 additional, have one engraved and sent with the articles ordered:

\* \* If Library or Prize Books be ordered, in addition to Maps and Apparatus, it will be necessary to send not less than \$5 additional for each class of books, with the proper forms of application.

The one hundred per cent. will not be allowed on any amount less than \$5, which must be remitted in one sum. Text-books cannot be fur-

nished on the terms mentioned above. They must be paid for in full at the net catalogue prices.

**THIS DAY IS PUBLISHED,**

Price Twenty Cents,

**A SUMMARY OF CANADIAN HISTORY,**

FROM THE TIME OF CARTIER'S DISCOVERY TO THE PRESENT TIME; with Questions adapted to each paragraph, for the use of Schools.
