# RTLE"--EASTERN CUBA

Left for "Bartle."

SATURDAY MORNING

Mr. J. J. Milliken of Toronto and Mr. R. P. Bearman of Chesley, Ont., were the first to visit the property of The Cuban Realty Company after it was purchased. Having purchased 620 acres, these two wellknown gentlemen have spent the most of the past summer at Bartle making preparations, and have now returned for the purpose of removing their families to make their permanent home at Bartle, Eastern Cuba.

# Further Progress at "Bartle"

Plenty of pure spring water in never-failing streams is found running through different portions of The Cuban Realty property. Realizing the importance of an abundant supply of good water, the Company has ordered a complete waterworks system to be established at Bartle.

Arrangements have been completed with a competent nurseryman to proceed at once with the establishment of a nursery at Bartle. Several thousand one-year-old trees will be sent there, so that settlers may secure all the necessary trees and plants without leaving The Cuban Realty Colony,

## Be Guided by Those Who Know About "Bartle," and, Knowing, Have Bought Land

Unquestionable evidence of confidence in Cuban Realty Company property at "Bartle," Eastern Cuba, is furnished by the fact that every intending purchaser, who has visited our property, has bought. Proof conclusive that they have been satisfied with the fertility of the soil, the favorable location of their lands and with the transportation facilities offered at "Bartle."

CALL OR WRITE FOR MAPS, PLANS AND PROSPECTUS. SAMPLES OF THE SOIL FROM EVERY PART OF THE CUBAN COMPANY'S REALTY PROPERTY ARE TO BE SEEN AT THE COMPANY'S OFFICES.
