

MUNYON'S GREAT CURE

Against the Tortures of
Rheumatism and
Kidney Diseases

These Agonizing Ailments Sud-
denly Sweep Away Thou-
sands of Our Good
Citizens Annually

The Board of Health

In Fact the Government Itself, Could
Well Afford To Pay a Great Prem-
ium for a Remedy That Will
Cure Any Disease That Is
Destroying Human
Life.

These deadly maladies are nearly always
brought on by neglect.

When the kidneys are diseased and can-
not perform their functions, the blood
carries the uric acid into the joints to
settle and crystallize, which in time be-
comes chalky and makes the joints stiff.

This is rheumatism, and the kidneys
are diseased and not restored to health,
the tortures of diabetes and Bright's dis-
ease will surely follow.

The human body is like a modern ma-
chine, only hundreds of times more perfect.
No matter how perfect it may be, however,
if you neglect to lubricate that machine it
will get out of order and become useless.

Just so with the kidneys, which are the
main filters of this great human machine.
If you overwork and neglect to cleanse
them they will cause great agony, and if
you continue to neglect them they will
become inflamed and clogged with poison-
ous matter. If you perform uric acid medi-
cines, the kidneys will positively become
plugged in course of time, and sooner or
later they will end your earthly career.

If you are one of those agonizing suf-
ferers you are on a keen lookout for a cure.
Of course you have tried many things and
have not cured you, and have become a
victim to your destructive disease. That is
just where we find many of the great suf-
ferers that have been cured by Munyon's
3 X Rheumatism Remedy, and his Kidney
Cure, which should be prescribed by every
doctor in the city.

Rheumatism and Kidney Trouble Posi-
tively Cured.

We do not ask you to take our word, but
we do insist on your trying these reme-
dies, for they have cured others and will
cure you.

We want you to be your own judge and
know-after you have given Munyon's Rheu-
matism and Kidney Cure a fair trial. We
want your testimony, so that other suf-
ferers may profit by it.

The hundreds of unsolicited testimonials
that were sent to the London newspapers
last week, some of which were published
in the recent issue of the Free Press.
We want your testimony, so that other suf-
ferers may profit by it.

No language is sufficiently strong to ex-
press the great good Munyon's remedies
are doing for humanity. They do not miss
three per cent of the cases, but cure every
one. We want your testimony, so that other
sufferers may profit by it.

MUNYON'S 3 X RHEUMATISM REMEDY
AND KIDNEY CURE are absolutely harm-
less, and sold under the guarantee of the
Pure Food and Drug Act.

The 3 X RHEUMATISM REMEDY cures
old chronic cases of rheumatism termed in-
curable by doctors by neutralizing the uric
acid in the blood and from the joints,
purifying the blood.

The KIDNEY CURE cleanses the kidneys
by removing all poisonous accumulations,
allowing them to function and filter the
uric acid in a natural way.

Every chronic sufferer of rheumatism
who believes in a cure, should try the
3 X REMEDY AND KIDNEY CURE. It need-
ed, will find in these remedies an invest-
ment that will bring more comfort than
anything money can buy.

The MUNYON REMEDIES represent the
combined practice of the most eminent and
successful physicians in the world, and are
especially prepared, one and all, for sepa-
rate diseases, so if you are afflicted with
rheumatism, kidney trouble, catarrh, dyspepsia
or any other ailment, try one of
Munyon's Cures.

There are no ailments Professor Munyon
has eliminated from his great vocabulary of
scientific remedies.

His COLD AND COUGH CURE cures
colds and coughs.

His PILE OINTMENT cures piles, cures
them quickly and permanently.

His VITALIZER gives vigor and strength
to weak men, and restores lost powers.

His CONSTIPATION OINTMENT is rapidly
taking the place of all cathartics and
weakening nostrums.

His HEADACHE CURE stops all headache
in a few minutes, and is a good heart and
stomach tonic. So we might go on and on
the different ailments that Munyon's reme-
dies are prepared to cure, and which are
sold for merely 25 cents a trial.

These remedies are doing such humane
work relieving so much suffering, saving so
many lives, and saving the public so much
money, that we might go on and on and
know about their virtues.

We urge the sufferers of any disease to
get a copy of Munyon's "Guide to Health,"
which will be mailed free on application.
Physicians' advice also free.

Remember this one fact, that if you buy
any of Munyon's remedies, which are for
sale by all druggists, and are not perfectly
satisfied with the results, your money will
be cheerfully refunded by The Munyon
Homeopathic Home Remedy Company,
Philadelphia, Pa.

The Leeming-Miles Company, Limited,
Montreal, distributors for the Do-
minion of Canada.

with these complaints to take no other
remedy but Dr. Munyon's, and renew again
your age and vigor. I may add: In taking
Dr. Munyon's remedies to observe the direc-
tions by just removing the cap, pouring
out four of the little pellets into the cap,
placing the pellets upon the tongue, and
allowing them to dissolve. Thus the ingre-
dients become absorbed into the mucous
membrane, which allows the remedy to act
upon the nervous system, consequently
reaching the diseased parts very quickly.
As I have no interest in Dr. Munyon's
remedies whatsoever, I write only in the
cause of suffering humanity. Everybody
should know the true virtues of Dr. Mun-
yon's remedies, medicated as they are with
concentrated pure drug extracts, making
every bottle of Dr. Munyon's more valuable
than a gallon of other medicine. Yours
fraternally, Henry Edwards, 387, Ridout
street, London, Ont.

OPENING OF "TRIP AROUND WORLD"

(Continued from page 1.)

Mayor Judd.
The mayor expressed the great
pleasure it gave the city of London to
entertain for the first time the Lieuten-
ant-Governor of the great Province of
Ontario.

The day had been one of pleasure
and profit to the gentlemen of London
who had the honor of spending
in his company. (Cheers.) On behalf
of the city, of the Daughters of the
Empire, and if he might be per-
mitted by President Gibbons to say so, on
behalf of the Canadian Club, he heartily
thanked the Hon. Mortimer Clark
for visiting the Forest City. (Cheers.)

He expressed the earnest hope that
the efforts of the Daughters of the Em-
pire to raise funds for a monument
which will be erected to the memory
of the heroes from London who died
for the Empire in South Africa will be
crowned with success. Judging from
the mighty assembly he beheld, there
was little room to doubt that the
"Trip Around the World" would prove
all and more than its promoters had
anticipated. (Cheers.)

"Before the year is ended," con-
cluded his worship, "we hope the
Daughters of the Empire will have
sufficient money to provide the monu-
ment on the park. (Cheers.) I hope,
ladies and gentlemen, that you will all
do what is in your power to help along
this laudable purpose of the Daughters
of the Empire. Put your shoulders to
the wheel, and by Saturday night the
ends of the movement will have been
practically accomplished."

Bishop Williams.
His Lordship Bishop Williams was
then called upon by Mrs. Leonard, and
he made a brief address. After thank-
ing the Lieutenant-Governor for visit-
ing London, he stated that this city is
singularly devoid of monuments. The
other day he had styled about the
city looking for a monument to some-
one or something, but all he could find
was a sewer tile in Victoria Park, painted
white and filled with flowers. (Laughter.)

He heartily endorsed the
efforts of the Daughters of the Empire
to raise funds for the monument to the
dead heroes from this city, and ex-
pressed the hope that the "Trip Around
the World" will be eminently success-
ful in all its branches.

Mrs. Leonard's Address.
Mrs. Leonard, regent of the local
chapter, and who presided at the meet-
ing, then welcomed Lieutenant-Gov-
ernor Clark in the following address:
"May it Please Your Honor—On behalf
of the Municipal Chapter of the Impe-
rial Order of the Daughters of the Em-
pire of the city of London, allow me
to respectfully extend to you our
warmest and most cordial welcome to the
city of our first official visit to
this our Forest City."

We do, indeed, consider it a great
honor and privilege to have you join
with us on our "Trip Around the
World," not only as the worthy repre-
sentative of his most gracious majesty
King Edward VII, but also be-
cause we know that your deep sense
of patriotism and loyalty enables you to
personally share with us in the
spirit of national sentiment and en-
thusiasm which has prompted us for
the two past years, and now doubly
instigates us to build a monument in
London with which to perpetuate the
memory of our late majesty Queen
Victoria, the Good Queen, the soldiers
who fell doing their duty in the late
South African war.

We feel that, although our progress
during the last two years in raising
the necessary funds for the monument
has been very slow, in fact much
slower than we at first anticipated,
and infinitely more retarded than our
burning desire to see our work com-
pleted could well brook—we have the
best wishes, for the furtherance of
our object, of his gracious majesty
King Edward, who revered and hon-
ored a man and a loyal soldier who
ever emblazoned on the crest of his
tory as the very embodiment of God-
ness, womanly purity and queenly
majesty, and that we also have the
sympathy and moral support of his
Excellency the Governor-General and
the Federal Government over which
he so ably presides, and also the co-
operation and well-wishing of your
honor and the enlightened body of
disinterested men who constitute the
governing body of this province, and
lastly the substantial support and
aid, and reflection of the monument of
these children are to be the patriots
and citizens of London.

Success Is Assured.
We cannot help feeling that with
such support the success of our under-
taking is assured, and that at a very
present date we will see a monument
in the heart of Victoria Park which
will be a perpetual reminder to us of
those who were pure, true and brave,
and a reflection of the monument of
patriotism and self-sacrifice which we
hope is built up in the heart of every
true Canadian man and woman, and
which we are now laboring to erect
and keep bright and growing in the
hearts of the children and rising
generation of our community.

These children are to be the patriots
whom, in a very short time we look
to see making this Canada of ours,
not only the "brightest gem of the
crown," but a people that, while one
with the Empire, has ships of her own
to carry her products to foreign coun-
tries, railways to carry them across
her mountains and prairies, and chil-
dren to obtain these products from and

a country which might well be the
mother of the greatest commercial
nation in the world.

Work of the Order.

We would wish to impress your
honor and the good people of London
assembled with us here today, with
the purely national and patriotic sen-
timents which instigated the founda-
tion of our order initially, and which now
vibrate through its very being and
give life and power to its efforts and
work. These are the thoughts and
ideas which we wish to instill into the
youth of our country, into the minds
of working men and capitalists, and
into the homes of our land. These are
the ideas which form the stone-work
of our order, and how can they be
better expressed outwardly, how can
they be better expressed inwardly on
the minds of the people, than by a
visible and slightly edifice in our city
in memory of Queen Victoria and the
South African soldiers?

We hope that the receipts from
this "Trip Around the World" will
complete the amount still lacking
from the necessary sum for the erec-
tion of our monument and enable us
to commence work on it this summer.

Word of Thanks.

"If your honor will permit me and
the people here assembled will be good
enough to bear with me a few moments
longer, I would wish to seize this op-
portunity of publicly expressing, per-
sonally and on behalf of the order, our
deepest thanks to all those who have
worked so hard and given so much to
erect and beautify these booths which
we see around us, and to assure them
of our appreciation for all they have
done for us. Words quite fail me when
I try to express my sentiments on this
subject, but I feel sure that when these
people see our efforts crowned with suc-
cess, and a monument in Victoria
Park, they will feel doubly repaid for
all the work they have done and the
goods so freely given, and repaid far
better than by any words I can say."

The Grand March.

The speeches concluded, a grand
march was held, while the Lieuten-
ant-Governor and party on the platform
looked on with evident pleasure.

Sergt. Birrell, assisted by several po-
lice officers and a number of military
men, formed at the head of the pro-
cession, and soon had a channel
through which the grand march wound
its brilliant way.

To an inspiring air rendered by the
splendid band of the 2nd Regiment,
under Bandmaster Slater, the grand
march began. All those who manned
the booths took part, as well as the
Collegiate Institute Cadets, and the
girls' drill corps from the Collegiate.

Berries of beautiful girls dressed in
costumes appropriate to the national
booths they represented, were in line.
Some were singularly attractive, with
powdered hair, and grotesque Eliza-
bethan gowns. The vast majority were
in white, however, with touches of col-
ored ribbon, which enlivened the ap-
pearance of the procession. Scores of
young men in white suits followed.

Through a sea of admirers and to many
hearty cheers the grand march contin-
ued in an artistic manner, and without
marking that it was one of the most
beautiful and inspiring sights he had
ever beheld.

Plenty of music was supplied by the
pipers' band, which was liberal with
its music when the Seventh Band was
not playing.

At the conclusion of the march, the
girls of the Collegiate Institute, com-
manded by Drill Instructor Gregory,
gave an exhibition drill. The spec-
tacle was a very beautiful one, and the
girls were rewarded with deafening
applause.

The Scotch Concert.

Hon. Mortimer Clark and the party
on the platform then adjourned to the
gun shed, at the east end of the Arm-
ories, where a Scotch concert was put
on by Mr. Cyril Dwight-Edwards, as-
sisted by several very clever talent.

Miss Edna Mortimore and Mrs.
Dockstader rendered several solos in
an artistic manner, and won much
praise. Master Fred Lindsay, of Woodstock,
a pupil of Mr. Dwight-Edwards, dis-
played to great advantage a baritone
voice which was remarkable for its
sweetness and range, especially in a
lad who is not yet 16 years of age. This
pupil is certainly a credit to his
teacher.

Miss Susie McGill, the popular local
dancer, favored with a couple of
Scottish reels, which won the approbation
of all present, and Mr. Bluet-
ner gave an artistic piano solo which
was greatly appreciated.

Miss Nellie Butler and Mr. Charles
Wheeler acted as accompanists.

Dinner at the Club.

The dinner tendered the Lieuten-
ant-Governor at the London Club was
brilliant one. The mayor and alder-
men, a number of the city officials,
the chairmen of the different civil
boards, and other prominent citizens
were present, including Judge Elliott
and Police Magistrate Gove. The
spread was one which reflected much
credit on Ald. Stevely, who had charge
of the affair, and Steward Lacey, of
the club, who prepared it. It was a
dinner worthy of the city of London
and the distinguished guest.

Hon. Mr. Clark and the mayor were
the only speakers, and their addresses
were very brief.

To Whom Credit Is Due.

The great success of "The Trip
Around the World" is due to the un-
tiring and businesslike efforts of the
ladies who are at the head of the local
chapter of the Daughters of the Em-
pire. They are as follows:

Honorary Regent—Mrs. James Peters.
Regent—Mrs. F. E. Leonard.
Vice-Regents—Mrs. Niven and Mrs.
(Mayor) Judd.

Secretary—Mrs. Donald McLean.
Treasurer—Mrs. Manigault.
Steward-Bearer—Mrs. J. Wood.
Auditors—Mrs. Ingram and Miss
Graydon.

Councillors—Mesdames Beddome,
Coffey, Boomer, A. B. Cooper, T. H. Cor-
ring, G. B. Gerrard, F. F. Harper, Hy-
man, McMechan, Puddicombe, Rad-
cliffe, Smallman, C. E. Sterling, Scatch-
erd, E. B. Smith, Miss Shaw-Wood,
Mrs. Whitman and Mrs. Yarker.

The Drive Around the City.

The Lieutenant-Governor was taken
for a drive around the city yesterday
afternoon, but owing to the very bad
weather it was not a very pleasant
jaunt.

Several covered autos were pressed
into service, on account of the rain, and
the original programme with the ex-
ception of the visits to the asylum and

the Normal School, was carried out.

At Victoria and St. Joseph's Hospi-
tals, the party, made up of the Lieuten-
ant-Governor, the mayor and aid-
ers, and others, were given hearty
receptions.

At St. Joseph's Hospital a number
of nurses dressed in white greeted the
Lieutenant-Governor with a chorus of
welcome, and a short musical pro-
gramme was carried out. After Hon.
Mr. Clark had been introduced by Sen-
ator Coffey to Father Aylward, rector
of St. Peter's, who represented the
bishop, his honor was introduced by
Father Aylward to Mother Aloysia,
who is in charge of the hospital, and
an inspection of the institution was be-
gun. The Lieutenant-Governor ex-
pressed himself as greatly pleased with
the hospital, and he warmly con-
gratulated the management.

Before he took his departure Hon. Mr.
Clark asked for a copy of the song of
welcome which had been rendered by
the nurses, informing Mother Aloysia
that he had been deeply impressed by
the words of the song, and by the
heartily welcome extended to himself.

At Victoria Hospital.

At Victoria Hospital his honor was
introduced to Superintendent Heard
and Miss Stanley, the lady superin-
tendent. The nurses were also drawn
up in line, and in their uniforms pre-
sented a very imposing appearance.

The building at that moment was
the party, and his honor congratulated
the city of London and the management
upon the splendid hospital and the
manner in which it is conducted.

In charge of the party were the West-
ern University, which his honor met
Provost James, and was shown over
the building. The Lieutenant-Gov-
ernor was well pleased with the institu-
tion, and he said many nice things
about it.

The drive was then resumed in the
direction of the Kennels, but unfortu-
nately one of the autos broke down.
Judge Elliott, City Clerk Baker and
Ald. Gerry were in the machine, but no
amount of effort or time subsequently
could persuade it to budge. Finally the
party left it, and boarding a street
car, they completed their journey.

After a short stay at the Kennels the
party returned to the Tecumseh House
and then to the London Club.
