WATER IS PURE

And Civic Committee Decline to Probe Ald. Morris' Allegations.

HAMILTON, May 5.—(Special)—The police commissioners had a secret session to investigate a charge made that Detective Bleakley had attempted to squeeze the Buswell assault case.

Ald. Morris complained that the fire and water committees of the city had investigated the condition of the water supply, and he thought there should be an investigation to show who was responsible for allowing so much sediment in the bottom of the basins. He also complained because water filtered into the basin from a creek at the western side.

His colleague said the matter had been investigated time and again, and the water was pure. A sub-committee will take up the question of restricting the location of cheap theatres and moving picture shows. Several expressed opinion that no more should be allowed in the district bounded by Bay, Hunter, Wellington and Barton streets.

The street railway will be required to keep some of the crossings on James-street open for traffic, so that the fire department may be able to respond to alarms.

The remains of John E. Cook, 24 Shaw-street, who died at Barton, Pa., were brought here for burial to-day.

Chas. Flynn, 70 Shear-street, was arrested to-night charged by his wife with aggravated assault.

Billy Sherring, the winner of the Greek Marathon, now that he has been turned down by the C.A.A.U., has decided to turn professional, and will run at Montreal on May 24. He will net \$1500 win or lose.

John Culp, Stony Creek, was fined \$5 this morning by the magistrate for disorderly conduct. The complainant was Edward Palmer, who complained that a scheme had been laid to burn down his house and to injure his property to all kinds of annoyance. The magistrate said that if the constable could not keep order in the village, he would apply to the attorney-general's department for assistance.

Doan's Kidney Pills. If your trouble comes from the kidneys, or from kidney poisons in the blood, YES!

And if you have been ailing a long time don't lose your courage. It is a little time—takes some constipation longer than others. But Doan's Kidney Pills will gradually drain the poisons out of your system; the pain in your back will stop; the sediment in the urine will cease; there will be no rheumatic pains; you will feel freer and brighter, and when the last of the poisons have gone you will be well.

There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective in taking them out as Doan's Kidney Pills.

Mr. W. Perkins, South Mainland, N.S., writes: "I feel it my duty to let you know of the great cure I have obtained by using Doan's Kidney Pills. For six months I could not obtain a good night's rest, had to get up four or five times to urinate, and the urine was very thick and red. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again. I am very thankful to have found so speedy a cure."

QUEEN'S PARK OFFICIALS DISCUSS KINRADE CASE

No Decision Arrived at Pending Receipt of G. T. Blackstock's Official Report.

Premier Whitney, Provincial Secretary Hanna, Attorney-General Foy, Dr. Bruce Smith, Deputy Attorney-General, Cartwright and other officials of the government were in conference yesterday afternoon on the Kinrade case, but no decision was arrived at pending receipt of George T. Blackstock's report. It is not known whether the crown will pursue one of the many avenues indicated by the defence in the indictment, or satisfy itself with the theories which have been followed, so far without apparent result.

A case occurred at Newmarket some years ago in which the circumstances suggest some similarity to the Kinrade case. The principal in the case was indicted on the charge of murdering a woman and subsequently gave an account of the tragedy in which she was concerned to a crown official.

CREATING WIDE INTEREST

So great has been the interest already created throughout Ontario by the announcements of the mammoth con-announcements of the mammoth con-

letters such as those given to-day, are coming in from every quarter. The remote rural home the subject is being discussed. To give away \$15,000 in prizes, including such staggering gifts as a house and lot valued at \$4000, a motor boat, an automobile, a European trip and several other things of expensive nature, is enough to arouse attention and the following communications are an evidence of what is being said:

Editor World, Toronto. Dear Sir: Would you please send me complete details of the contest you have announced? I want to nominate a candidate at once. Your paper is very popular here and I am sure we can win a prize.

Sincerely Yours J. S. S., Newmarket.

Editor Toronto World, Sir: I have been watching your paper closely since your contest was mentioned and think it is a great thing. I am in a big departmental store and if I can I would like to be a candidate. I am sure my friends would help me win a diamond ring, at least. When will you start the balloting?

Miss Wilton Church Street, Toronto.

Editor The World, Dear Sir: If you are going to give away so many prizes I am going to work like a Titan to win one. A friend of mine was one of the lucky girls who were sent by The World on a fine trip to Europe and she certainly has splendid memories. I always read The World because it is so progressive and bright. The contest is worth working all summer on and you can count on me among the prize seekers.

Yours, A Constant Reader.

Editor World, Mister: Me and my man get your paper and like it too. We read an announcement Monday which said you would give away a house and lot and other things. We talked about it and don't see how you can be so generous for we have been in these parts say they are going to try for a prize, but they don't know all about what they have to do. Would it be too much to ask you to let us have a public meeting held in the Normal School last night, presided over by his honor the lieutenant-governor.

Frank Fox, formerly editor of The Bulletin, Sydney, New South Wales, spoke on national defence and physical training as it is practised in Australia. He prefaced his remarks by saying that matters of imperial defence were in the forefront of public questions. In Australia they had a sense of imperial duty and were organizing a system of land forces that would number 250,000 men. Every citizen from boyhood up would be trained to use arms. In time of war this force, in addition to home defence, could be used to garrison India.

Following the Board, director of education for New South Wales, spoke of the cadet corps, which was an integral part of the national defence of Australia. He said they were organized under the commonwealth and officered by members of the teaching staffs of the various schools. Dummy rifles were never used. The cadet began training when 12 years of age. At 15 or 16 he went into a senior corps, and at 18 he was commissioned a lieutenant. A corollary to this was physical drill for boys and girls, which was an essential part of the educational system.

The resolution outlined above was subsequently moved by Dr. Carman and seconded by Rev. Provost Macklem.

A vote of thanks to the speakers was afterwards moved by Principal Hutton and seconded by J. A. Macdonald.

Peterson Lake advanced in price yesterday, caused by heavy buying orders. One order from Montreal for 40,000 shares was only partially filled. This stock can be bought for investment, as can Hargrave, which has only 80 feet more to go to strike the Kerr Lake vein, which, in our opinion, is an absolute certainty. We will execute any orders you may entrust us with, for any stock on the Standard Stock and Mining Exchange. Correspondence invited.

WEST TORONTO. Five Candidates For Aldermen Are Now in the Field.

WARD 7 (West Toronto), May 5.—The official statement fixing the date of the elections in Ward 7 for Saturday, May 29, has resolved the whole ward into concrete form, and given fresh interest to the aldermanic contest.

The candidates for alderman definitely in the field are Mayor Baird, Ex-Ald. Sam Ryding, City Solicitor A. J. Alderson, Ex-Mayor Jesse Smith, and Ex-Ex-Ald. Ford. Hain may or may not be among the candidates.

Ex-Ald. Ryding, who was one of the most aggressive and hard-working members of the old council, is making a quiet but thorough canvass of the city and is said to have met with the most gratifying assurances.

Mayor Baird, too, has a large following, while Solicitor Alderson, Ex-Ald. Smith, and Ex-Ald. Ford will all command a big vote.

A proposal to expend \$700,000 on the sea wall is favorably viewed in the new ward generally.

W. J. Conroy will be returning officer for ward 7 in the aldermanic contest.
