

## ARENA TENDERERS GET CHEQUES BACK

Special Committee Will Make  
Prunings to Bring the  
Price Down.

### MILLION - DOLLAR CUT

City Architect Going to Chi-  
cago to See How Big Shows  
Are Run.

The tenders submitted for the construction of the proposed live stock arena were yesterday referred by the board of control to the special committee named a week ago to deal with them. As the figures are fully a million dollars over the amount authorized by the city, there is little prospect of a contract being let this year. The secretary of the board was instructed to return the deposit cheques to the tenderers.

It will be the work of the special committee to cut out any features that can be dispensed with in order to bring the price down to the level authorized by the ratepayers in the vote of January 1 last.

City Architect Price was authorized by the board to visit the Chicago live stock show to see how the big shows are run.

The city solicitor reported that the G.T.R. had a perpetual right of way for their siding, which crosses Danforth avenue, a short distance east of Main street. The board decided to negotiate for the removal of the line.

### Policeman's Hard Luck.

The board gave a sympathetic hearing to the case of G. H. Webb, former policeman, who went to the front and was wounded. He is being paid a pension of \$40 a month, but is a married man and needs a job. He is now physically unable to walk the beat. An effort will be made to place him somewhere in the civil service.

A deputation from the Ontario Safety League applied for an additional grant of \$5,000 to meet the expense of the recent Safety Week campaign.

Both the mayor and Controller Maguire expressed the belief that the league was doing good work in educating the public to be careful.

Controller Cameron pointed out that the grant could not be made legally, as there was nothing in the estimates for such purpose. If the grant should be made it would have to be carried as an overdraft against next year's taxes.

The board promised consideration and an early decision.

The Western Hospital asked for a grant of \$25,000 to cover the year's deficit.

On behalf of the Sisters of St. Joseph, Messrs. Hughes and Agar made application for the civil hospital allowance of \$150 a day for 221 incurable cases, 38 of them being in St. Michael's Hospital and 188 in the House of Providence. An allowance of 10 cents a day for these patients is paid by both the city and the province.

An application for a grant also came from the National Waterways Association of Canada. J. H. Duthie, secretary of the association, made the application for \$2,000 to meet the deficit on their year's operations.

Major-General Victor Williams asked for assurance that the militia department would be left in possession of Stanley Barracks until next September. The city owns the property and part of it is required as the site of the new live stock arena.

Controller Cameron said it would be unwise to make a start on the arena until after the exhibition next year, because the operations would clutter up the grounds with material. The board decided not to disturb the soldiers in the time mentioned.

Following the service at the house, the remains were conveyed to Park Lawn Cemetery, the pallbearers being Messrs. Schum, Alexander, Carruthers, Ames, Storey and Strachan. Representatives from the Canadian Press Club, who sent a beautiful wreath, members of the Masonic Order and officials of telegraphers' associations were present.

### DRAYTON TO CONSIDER ARBITRATOR'S POSITION

"It is a matter I would have to think about," said P. H. Drayton, K.C., official arbitrator yesterday, when asked if he would act as the arbitrator to fix the price the city shall pay for the T.S.R., as proposed by the company.

Mr. Drayton was further asked if he would be willing to take on the work in case it was decided that the matter was one for the official arbitrator. He stated that he was not prepared to say just now whether he would or would not, and did not wish to say anything about the matter at present.

### FLEMING TESTING ATTITUDE OF BOARD

Beck, or Nobody, Will Be the  
Arbitrator for City, Mayor  
Church Says.

R. J. Fleming, manager of the Toronto Street Railway, was a visitor to the meeting of the board of control yesterday to observe the attitude of the board towards his company's suggestion that there should be one arbitrator instead of three to fix the purchase price of the street railway system by the city.

Mayor Church said it was the intention of the city to follow the procedure laid down in the agreement between the city and the street railway company and validated by special act of the legislature. This provided for the selection of an arbitrator by each side and these two or the chief justice of Ontario to name a third. At the mayor's suggestion the notice of the railway company that they desired to proceed under the general act and let one arbitrator determine the claim, was referred to the legal department.

Mr. Fleming said there was a difference of opinion as to which act superseded, and he suggested that the solicitors of the city and company should get together and settle the point.

Mayor: You had better go ahead and appoint your arbitrator.

Mr. Fleming: We had better settle that point first. If we take the wrong course some ratepayers might have a writ issued to upset the whole settlement.

Later in the day Mayor Church issued the following statement:

No Fifty-Fifty Bargain.

"The city will have an arbitrator under the street railway agreement act or nothing. The provision of the general Ontario statutes, giving the lieutenant-governor-in-council power to appoint an official arbitrator for Toronto, does not apply to the Toronto Street Railway agreement, nor is the official arbitrator act retrospective. It was passed after the Street Railway agreement was validated by the Ontario legislature.

"Sir Adam Beck is going to be our arbitrator or nobody. There must be fifty-fifty arbitrations in a big matter like this, and no spitting of the difference." We want the letter of the Street Railway agreement, the whole agreement and nothing but the agreement. This is what is wanted or nothing.

"I think our legal department will find that the official arbitrators' act does not apply to arbitrations regarding the purchase of electric street railways or light and power companies, and that the special act will prevail.

"I do not understand what the company are driving at in taking the stand they have in this matter, and delaying the appointment of their arbitrator, as this arbitration will take several months to complete. It is to be completed by the first of September, 1921, on time.

### LATE TORONTO RESIDENT LEFT LARGE ESTATE

The sum of \$12,099 in the Dominion Bank at Yonge and Eglinton, formed the larger portion of the \$13,061 estate of Solomon Shepard, who died on Oct. 20. By a will made in July, 1917, he bequeathed \$2,500 to his sister, Mary Jane Shepard, to Florence E. Scrase, niece, \$500; May Risher, daughter, \$300; general fund of the Church of England, \$500; Charles Shepard, nephew, Kingston road, personal belongings; Charles Shepard, Calgary, his walking stick; Mrs. Summers, Newtonbrook, his parent's pictures and "Lord's Prayer." He directed his executors to erect monuments to his memory, costing \$300, and another to George H. Shepard and his wife, costing \$200. The residue of the estate is divided equally among ten relatives.

### TORONTO MAN'S DEATH ATTRIBUTED TO "FLU"

The death of Henry H. Moore, aged 47, 34 Davisville avenue, is attributed to "flu." This is the first fatal case of "flu" registered at the city hall in months.

Tuberculosis was a secondary cause of death in this case.

Dr. Hastings, M.O.H., says there may be an epidemic of influenza this winter, but he believes it will be of a mild type.

# Whatever else may come These Toronto People Must Not Want

JUST put yourself in this position for a moment. You are old and feeble and tired. You have long since lost your job and your income. Your family and your friends of other days have departed. For years you have been living alone. And finally you have to do it. You have to seek the shelter of the old men's home!

And, contrary to your expectations, you get help, a fair measure of comfort, food and a clean and healthy place to live in.

## Did you know that there are many men in Toronto in that Position?

You, well-fed and warmly-clothed, self-supporting and prosperous, did you know that this is only one of the great works of Federation. In addition to the Aged Men's Home, there are 47 other charitable institutions—all of them doing great and good work all the time. They support people who, by reason of old age, or sickness, or helplessness, are unable to do much for themselves. They keep contagion under control, and in every way do their utmost to make Toronto a better city in which to live.

And they all join together in the Federation. They ask your help in one body, only once a year. They do so now. They have to. Because they know all too well that whatever else may come, the people of this city must not want.

This is your business. It is everyone's. And when the campaign starts, give just your share—and no one of the Institutions in the Federation will want in 1921 if you do that.
