RIVERDALE PLANS GARDEN PRIZES

Horticultural Society Prepares Large Award List for Local Enthusiasts.

A well-attended meeting of the Riverdale Horticultural Society board of managers was held recently at the residence of the president, 20 Worcester avenue, when the program and prize lists for the forthcoming show were finally arranged.

It was decided to award three prizes for each class, making 62 prizes for flowers and vegetables, 12 prizes for back-yard gardens and front lawns, 6 prizes for the children's section, 125 prizes in all, with the Cooke cup for the greatest aggregate in the men's section and the Mrs. Cooke's silver set for greatest aggregate in the women's section.

According to the statement of the chairman, A. Smith, at the prize list is the largest of any similar society in Toronto, and the entries are already pouring in. In order to give all-round satisfaction and avoid any suspicion of discrimination in the awarding of prizes, Mr. Smith pointed out that the department of agriculture would appoint the judges.

It was decided to hold a special meeting on Friday evening in Frankland School, Logan avenue, when Mrs. Woodland government lecturer, will give an address on the latest methods for canning and preserving fruit and vegetables.

An invitation extended by Mr. Allenhead, gardeners to Sir Edmund Oliver, to inspect the gardens was received and thankfully accepted by the members.

A satisfactory report was received from the membership campaign committee, indicating that the objective will be shortly realized.

It is confidently anticipated by the Riverdale Horticultural Society that their request for a rose bed in Withrow Park this season will be carried out by Parks Commissioner C. Chambers. A badly needed bubbling fountain was recently installed in the park thru the efforts of the society.

As the street is the only thru thoroughfare between Danforth avenue and East Queen street, east of Woodbine avenue, considerable motor and other wheeled traffic prevails.

According to the statements of several residents the street has never been cleaned, although it is well built up there has been no new dwellings erected within two and a half blocks. Kingswood road, adjoining, has been cleaned recently and an explanation of the neglect of Victoria Park avenue by the civic officials will be demanded by the ratepayers.

PORT CREDIT INSTITUTE CONCERT HELPS BAND FUNDS

Local Talent Surpasses Itself in Attractive Musical Program.

Under the auspices of the local branch of the Women's Institute of Port Credit, a grand concert was given there last night in aid of the funds of the Port Credit Band.

In connection with the work of organizing, Mrs. A. M. Hoberlin, Mrs. Dr. Innes and Mrs. A. W. Briggs have been untiring in their efforts on behalf of the local band, and to them is due much of the success of the event.

An attractive and unique booklet program, arranged by Miss Lucy Doyle, was distributed among the town all. The merchants of the town all contributed by advertising in the ample space provided, thus supplying revenue independent of the sale of tickets.

A program unsurpassed in musical and vocal talent was rendered, the Pearson Hall Orchestra forming the main feature. Their instrumental solos and full orchestra selections met with hearty appreciation and applause.

This is the first visit of the blind veterans to Port Credit, where they received a warm reception. Other features of the program included Miss Eleanor Dinsmore, who sang "The Vase," whoseable interpretations of classical dancing completely won the large audience; Miss Helen Galligan, Mrs. Martin Perry and Mr. Leonard Wooley, who rendered vocal and instrumental contributions quite in keeping with the high-class talented program. Miss Trotter, as an accompanist, left nothing to be desired. The dances presented were arranged by Miss Eva Sternberg.

The event was a huge success, and the funds of the local band increased considerably, thanks to the efforts, loyalty and zeal of the local Women's Institute.

MOUNT PLEASANT DISCUSSES BYLAW

Feel That Ratepayers Must Be Consulted Before Property Clause Changed.

The proposal to change the existing property bylaw by the property committee in North Toronto was discussed at some length at a well-attended meeting of the Mount Pleasant Ratepayers' Association, in Hodgson School last night. It was pointed out that there is a blanket bylaw covering all streets as residential, excepting Yonge street, and while not objecting to certain businesses on particular streets, the meeting felt that the ratepayers should be consulted before any action is taken. It was decided to request the property committee not to change the existing bylaw, and H. H. Ball and T. Banton were appointed a deputation to appear before the committee in this regard.

Want Definite Action. With reference to the transportation committee, it was decided that if no action is taken before the next meeting of the council, a deputation from the association will appear before the board of control to ask that some definite action be taken immediately.

Satisfaction was expressed by the meeting regarding the manner in which the traffic was handled by the police commissioners during the Thorncliffe race week, and the attention paid to closing the roads by Street Commissioner Wilson.

TODMORDEN ANNEX, TODMORDEN NOW!

Editor World: If Mayor Church and Controller Ramsden would follow McGuire and Cameron, we'd get Todmorden taken into the city, a possible epidemic prevented, and our people have water and sewers. But the city should take us in for the first three years on our township assessment.

Let us get water and sewers on the local improvement plan, wherever they are first needed. On these terms Todmorden would not be out of pocket. She'd have to light and police and fire protect such streets as we have, and once any of our lots or houses were sold during the three-year fixed period that assessment would cease and city assessment take its place. We'd be paying our share of the sewer viaduct and would get a street car service as part of a public ownership system after the present franchise is taken over. I'd take in on these terms up to St. Clair avenue.

Men and companies who want in for land dividing would have to take up the big end, men like the Davies, the Taylors, the Harwood Smiths, the Anglican Synod, the Pouchers and the Orfords; and other big holders, would have to take up a fair part of the load and pay for their sewer, water and pavements before they opened up their holdings.

The little fellow would get a fair deal. Fur and Feathers.

MEASLES IN TODMORDEN.

Measles are epidemic in Todmorden at the present time, according to the statement of a prominent local medical practitioner; also several cases of scarlet fever have been reported recently.

BELL TELEPHONE OBLIQUE.

Mr. Cooper was informed amongst other things, that the company were out of "buzers" required for the two-party lines and that there were 1200 waiting applicants on the Gerrard exchange. The Dominion government will now be appealed to in the matter.
