**STEAMER SERVICE; ST. STEPHEN TO ST. JOHN; MAY BE EARLY START**

(Bangor Commercial)  
Calais, March 19.—The business men of St. Stephen are looking forward to the early inauguration of a steamboat service between that town and St. John the new line being St. Stephen's answer to the C. P. R.'s announcement of increased freight rates between that town and St. John. The stock of the St. Andrews Co., Ltd., organized some years ago to do a general lightering business between St. Andrews, Eastport, and other points is now all owned in St. Stephen, and at a recent meeting of the directors held in St. Stephen the secretary was authorized to take the necessary steps to have the name changed to the St. Stephen Co., Ltd., and the head office changed to that town. It is the purpose of the company to establish direct steam communication

between St. Stephen and St. John, and for this purpose they have already arranged for a landing at one of the best wharves in St. Stephen. Negotiations are in progress for the purchase of a steamer that would give the required service and it is possible that the route will be established at an early date.

**SOUVENIRS FROM TIDWORTH**  
Mrs. T. Nash of Brussels street has received another letter from her husband dated March 8th. He was still at Tidworth. She also received a box he sent her, containing among other things a bit of maple sugar which had been sent across to the soldiers by the Duchess of Connaught and which he returned to his little girl in St. John. The box also contained some other interesting souvenirs.

**The Man In The Street**

The "wild and woolly west" now passes into ancient history; Saskatchewan has decided to abolish the bar.

Here's hoping that none of our friends are taken ill on the street when the police are around; so far their first aid measures have not been reassuring.

A glance at the scores at the city rifle range on ladies' day will give grounds for belief that there should be lots of material for an Amazon Home Guard Corps in case of an invasion.

Reports of commissioner of public works indicates that, under commission form of government the streets of St. John are paved with something better than good intentions.

The Standard's high ideals of patriotism and public service are exemplified in the attempt to prove that one half the population of Canada is disloyal.

Maj. Gen. Steele, who will command the second Canadian contingent, takes a good name into battle with him.

Now that newspapermen have been conducted through all parts of the new sugar refinery, let us hope there'll be no more wild rumors of secreted concrete bases, storage rooms for bombs, and other inventions of idle tongues.

Tomorrow will be March 21. Spring is cubbing; get it right.

It used to be the sons of "Tars, what ho!" or "A life on the ocean wave" but with the German submarines it sounds like "Get out and Get Under."

**Barefoot Joys**  
The Jeffrey's raid case may be interesting, but there are others. Maj. Gen. Sam. Hughes is credited with saying: "If I could find the men responsible for giving bad boots to the soldiers, I would shoot them." Yes, general, but in Calgary it wasn't "bad boots," it was a case of "no boots," for even what

had been bad had given out in a few days. Don't shoot—take it out of their hide.

News Head—"19 Dresden Men Missing"—sounds like a raid on a China cabinet.

Chief of police has issued a warning to boys speeding around corners on bicycles. A little advice to motorists and teamsters on this point wouldn't hurt anybody, either.

The Germans might just as well change the name of that submarine U-29 to U-28.

News note says that four men in Iowa started three years ago in a game of cribbage for a million points, and are just now completing it. This may be where Pres. Wilson got his idea of "watchful waiting" for Mexico.

**His Intentions Were Good**  
The scene was the local C. P. R. office and recruiting for the Canadian Railways Construction Corps was in progress. Several men were being enrolled, when in walked a big, burly, section-hand. He was a likely-looking "rooky," and he expressed the purpose of his visit—to join the corps. "Your name?" asked the recruiting officer. The name was given, as were his age and residence. The next question by the r. o. was "your occupation?" to which the reply was, "Methodist, sir." After the ripple of laughter had subsided, the volunteer was signed, and from his appearance he is likely to be taken, though hardly in the role of chaplain, as his answer to the question of "occupation" might suggest.

**No Show for Chauffeur**  
The fact that neither Com. Wigmore nor Com. Fotts has a paid chauffeur at the city's expense has caused a lot of people to wonder why they signed that petition. They were sure the chauffeur was there and was paid. Somebody said so.

**WRITES FROM POINT ONLY 500 YARDS FROM THE GERMAN TRENCHES**

Sergt. Enslie Gave up Rank and Joined Another Battalion to Get Sooner to Front

An interesting letter from J. G. Enslie, formerly of this city, and who was a sergeant in the 12th infantry battalion at Salisbury Plain, has been received by a friend here—direct from the trenches. The writer says the letter he wrote was written not more than 500 yards from German trenches and within easy range of bullet and shell, but he had taken advantage of a short lull to pen a few lines.

He is no longer Sergeant Enslie. The reason is because of his eagerness to get to the front he left the 12th battalion composed of New Brunswickers and joined with the 14th, being accompanied by about 100 others, including quite a few from St. John. None of the officers, he wrote, had made a transfer. When he went with the 14th he of course had to revert to the ranks. The weather, he wrote, was greatly improved, and the St. John men at the time, were in good health.

**BUSINESS WELL SUSTAINED**

WRITE F. W. DANIEL & CO. Surprise That Any Citizens Should Advocate Return to Old Aldermanic Council

F. W. Daniel & Company, dry goods merchants, send the following letter to the board of trade:—"In reply to your letter of the 18th instant asking about trade conditions, we would say that we feel that the people of the maritime provinces have every reason to be thankful for the way business has kept up notwithstanding the existing circumstances of war. Business was well sustained during the fall months and Christmas trade practically up to 1913 which was a phenomenal season and now indications for the spring business seem to be still more favorable each week.

"Evidently the caution of the past is our good angel now. We hope that some better tax system may be arrived at that will encourage capital (retired) to remain in St. John for our own industries. This is a strong point in favor of a system similar to that of Montreal. We might also add that we are surprised that there could be some of our citizens to advocate a return to the old aldermanic council for civic affairs. From a progressive business standpoint it would seem a step backward that might eventually cost the city far greater overhead expense."

At the meeting of the council of the board of trade last evening, a resolution was adopted favoring uniform commercial laws for the maritime provinces, in the event of no uniform federal law being adopted. The co-operation of the local boards of trade will be asked in the matter.

F. P. Gutelius advises the board of trade that the matter of rebuilding the I. C. R. elevator here is now in the hands of the government at Ottawa.

**TAKING PART OF SIDE OUT OF THE PUGSEY BUILDING**

A portion of the Pugsley building fronting on Princess street, is being remodelled to provide quarters for J. A. Pugsley & Company and the Collabrook Realty & Development Company. The side of the building is being taken out and a modern show window front will be installed with level entrance to the premises from the street.

A space forty by eighty feet will be made available for the new office and work in connection with the Glen Falls development proposition.

Part of the new quarters will be devoted to showing automobiles and another portion will be devoted to the work in connection with the Glen Falls development proposition.

**MATTER NOW IN PROBATE**

Only Two Relations Known of—Capt. John McMullin's Will Proved Before Judge Armstrong Today

The probate court today dealt with the matter of the estate of Michael Griffin, a laborer who was found dead in his house in the year of No. 120 Brittain street on March 14. He was never married and was the only child of his parents. His father Timothy Griffin, a laborer, lived in Smith's Alley off Charlestown street, and died before the great fire of 1877. His mother, Ellen, whose maiden name was Hurley, came from Dunmanway, County Cork, Ireland, in 1854 leaving her parents remaining there. There are no relatives known on the father's side. The only relation so far known on the mother's side is a daughter of the late Michael Hunter, brother of the deceased's mother and George Love of Philadelphia. A petition was presented by this only relation in favor of the appointment of William J. Mahoney of this city, barrister, as administrator. Administration has been stayed pending the usual lapse of fourteen days. In the meanwhile any one knowing of any relations of Michael Griffin other than those named are requested to report to the court or to the probator.

On the death of Mr. Griffin being reported the coroner proceeded to the premises and discovered a Savings Bank account amounting to \$700, and bank bills in various wallets, etc., amounting to \$1,400, which were taken charge of by the police. The total estate is \$2,100. Dr. Richard F. Quigley, K. C., is probator.

**John McMullin's Will**  
The will of John McMullin was proved. He having made provision for some of his children gives the rest of his property to his remaining children. Real estate consists of freehold in Bridge street valued at \$3,000; personally \$2,000, total \$5,000. The executors, his two sons, Charles Wesley and A. Frank McMullin, were sworn in as such. Clarence H. Ferguson is probator.

**CITY ENGINEER TO LEAVE FOR WEST MONDAY NIGHT**

William Murdoch, city engineer, will leave on Monday evening for a trip to Toronto and the west. The prime object is to attend the second annual Canadian and International Good Roads Convention in Toronto from March 22 to 26. A wide range of subjects of interest to a city engineer will be dealt with.

From Toronto Mr. Murdoch will go west stopping at Winnipeg to inspect the site of the proposed waterworks scheme which is to supply Winnipeg with water from Lake of the Woods. This will be one of the largest waterworks undertakings in the world and the scheme also involves extensive development of hydro-electric power.

Another reason for the trip is the wedding of Mr. Murdoch's daughter which will take place in Calgary on April 10. The annual meeting of the Canadian Society of Civil Engineers is to be held this year in Victoria with a side trip to the Panama Exposition in San Francisco. A vote of the members is now being taken to decide whether the sessions will be held in June or September. Mr. Murdoch's present trip will probably make it impossible for him to get away for the convention.

**THEIR BABY DEAD**
