

GORMAN GIVEN FINE WATCH AND CONGRATULATED

Replies to Speech of Acting Mayor in Making Presentation

CITY'S TRIBUTE TO HIS GOOD WORK

Wires Bring Good Wishes—Champion Not Going to Binghamton

The handsome gold chronometer, a combination time and split-second watch, donated by the City of Saint John for the winner of the world's amateur speed-skating championship, was formally presented to Charles J. Gorman, Saint John, at an informal ceremony at City Hall this morning.

Acting Mayor Frink made the presentation and short speeches were made by Commissioner Bullock, Commissioner Magnusson, representing Charles Thunberg, Finland, Frank White, president of the N. B. Skating Association, and Walter H. Golding, Thomas Nagle and T. E. Simpson, representatives of the Saint John Skating Association, under whose auspices the big meet was held.

His Worship said in opening that when plans were made for the holding of such an important gathering in the city, the Common Council had deemed it its duty to provide a suitable trophy for the winner and no greater pleasure he felt could come to the citizens than to see this trophy won by a boy of their own. "Your speed, skill and endurance in this meet have made us all proud of you," said the Mayor, in alluding to the beautiful timepiece.

CHARLIE REPLIES

"Your Worship, Commissioners, Ladies and Gentlemen," Charlie began, "I can't tell you how much I want to thank you for this wonderful watch. I am glad I won, being a Saint John boy. There was a little hard work to it, I can tell you, although after you win and look back on it, it does not seem so hard after all. It is when you lose that it all seemed hard. I think I'm a better speaker than skater."

"I hope you never take up speed-making," interrupted the Mayor, and much laughter. "There is not much more I can say," Charlie concluded. "I shall always treasure this and once more I want to thank you."

Commissioners Bullock and Harding made short speeches. Commissioner Magnusson said he was proud of Mr. Gorman. He recalled that it was Gorman's splendid work as captain of the Water Department baseball team that brought the first Maritime championship to Saint John.

below zero in the sun this forenoon made this the coldest day of this winter in Ottawa.

N. S. TRAFFIC BLOCKED

HALIFAX, N. S., Jan. 29.—A forty-mile gale with snow and sleet temperature tied up traffic in the Annapolis Valley last night, and today all freight services on the Dominion Atlantic were cancelled. As a result two big freighters are delayed in port awaiting shipments of 20,000 barrels of apples with which they were to complete their cargoes for British ports. The steamers are the Valmore and Brandon.

RELIEF SEEN

WASHINGTON, Jan. 29.—Some relief within the next 24 hours from the intense cold weather now general over the United States, is foreseen by the weather bureau. In the New England and the south Atlantic States, this temperature is expected to rise tomorrow, while an upward movement of the mercury is forecast for tonight and to-morrow in the states in the eastern part of the country.

JEWTRAW WIRE

One of them was from Charlie Jewtraw, winner of the international title here in 1923. Jewtraw wanted to know if Gorman would be in open competition at Binghamton and Detroit. This is taken to mean that Jewtraw would jump back into the game if he thought Gorman would compete at these meets.

THUNBERG VS. GORMAN

Hugo Quist, manager of Clas Thunberg on his trans-Atlantic visit as he was for the Finnish runner Nurm, said that he would like to see the prospects of a return visit of Thunberg to Saint John for the purpose of having him skate Charlie Gorman in a pursuit race. He would like to see the local men against time and not for personal competition—would get a better verdict if the former world champion and the latter local champion, would agree to compete from opposite sides of the Lily Lake course.

BAPTIST SAYS SO TOO

Normal Baptist, famous ex-champion, who says Thunberg is a marvellous skater, told The Times-Star that nothing but an opposite-side test would develop all the speed the Finn has in him. In fact, Baptie thinks every big skater should have one or more of these pursuit races. They were the acid test of speed, staying qualities and judgment.

JUDGMENT GIVEN IN CHANCERY COURT

Judgment was delivered this morning in Chancery Court Chambers by Chief Justice Sir Douglas Haysen in the matter of the suit of Harry L. Bishop, by his next friend, Willard Bishop, against William R. Scott, an action for an accounting tried last month here.

The plaintiff parties reside in Chipman and the defendant in this city. The question in dispute hinged on the disposal of \$1,600, alleged to have been in the hands of the defendant for investment for the plaintiff.

In passing judgment, His Honor ordered that the defendant pay into court within 10 days from this date the sum of \$1,675 together with interest on \$1,600 from the date of payment of the last instalment. After that, the court would make such order as to the disposal of the money as would operate in the best interests of the infant plaintiff, and be suitable to all parties concerned in the matter.

In arriving at his decision, His Honor touched on the evidence in which it appeared that Mr. Scott had been at all times ready and willing to pay the money into court or to any person authorized to receive it, the fact that no misappropriation had been shown and that interest payments had been made regularly until June last when the defendant was out of the city.

He fixed the amount he felt was due Mr. Scott as fees in connection with the original law suit, when settlement was reached for \$2,500, as 25 per cent. of that amount. As each side in the present action had 11 expert witnesses, an order was made that each should pay his own costs.

Messrs. Porter & Ritchie appeared for the plaintiff and Dr. W. B. Wallace, K.C., for the defendant.

CHANGE PREDICTED.

Commissioner Frink said there was going to be a change in the assessors' office, insofar as the revisors' board was concerned. He had been informed by the chairman of the Board of Assessors that the operation of the Board of Revisors upon the work of his office to quite an extent, he, the commissioner, was of the opinion that at the coming session of the legislature there should be an Act passed providing for an official registrar for the city, to replace the present Board of Revisors. No action was taken.

WILL NEED 61 CARS TO HANDLE CARGO

SPECIAL TO THE TIMES-STAR.

MONTREAL, Jan. 29.—Enough oranges to provide a full year's supply to five of the largest marmalade manufacturers in Canada have been shipped on the steamship "Valnegra" of the Lloyd-Mediterranean Line, which is expected to dock at Saint John any day. The oranges are destined for the shipment, each half-chest containing 160 lbs. of oranges. This shipment marks a new import through a Canadian port, the C. N. R. having been successful in their effort to secure this trade for the Maritimes.

MONCTON HAS GAIN.

Moncton bank clearings this week again showed an increase, as did Saint John's referred to yesterday. The Moncton figures this week were \$89,290, a gain of \$78,948 over those of the corresponding week of 1925.

DELAYED TRAINS

The cold snap played havoc with railway services today. The Montreal train arrived about an hour late, and the Boston Express was not expected until 4:15. The Maritime from the East was also late.

LEFT IN PATROL WAGON

Articles are found by the police in strange places. The latest to come to light was yesterday when a pair of woolen gloves were discovered in the police patrol. They await the claimant at the central police station.

VESSLS REPORTED

The wireless station at Red Head reports the following steamer movements: 1:40 p. m. Morvia, 28 miles east Cape Sable; 11:45 a. m. Bellflower will arrive on Saturday night. Both vessels reported severe weather conditions.

AT NATIONAL CONVENTION

A. M. Gregg, general secretary of the local Y. M. C. A., left yesterday for Ottawa to attend the national convention opening there today. Andrew W. Robb, of Halifax, formerly of Saint John, has gone to the conference.

TWO MORE HERE

Three juveniles, who have been held for several days by the local police, have been run away from their homes in Halifax, were sent back home this afternoon. The authorities now have two other lads, aged 13 and 14 respectively, belonging to Summerside, P. E. I., who arrived here "broken" by train yesterday. The parents have been notified.
