### The Value of a Warm Coat

Every man appreciates the value of a warm overcoat these days, and Turner is very exacting in his demands on quality of materials in the coats he buys, and that accounts for the growing line of patronage from all parts of the city.

Coats are for boys from 8 years up, and represent the best material and workmanship in town—and at a price secure

# Ski Running STRAND and Jumping Mast section of all out door species

IS THE LATEST FAVORITE AND MOST EXHILARATING OF WINTER SPORTS

Skiing, sometimes described as "snow-skating," affords all the exhilaration of skating and tobogganing. Nansen, the great Arctic explorer and statesman, said: "I know of no form of sport which so evenly develops the. muscles, which renders the body so strong and elastic, which teaches so well the qualities of dexterity and resource, which in equal degree calls for decision and resolution and which gives the same vigor and exhilaration to mind and body alike." Take up Skiing, then, as a winter sport.

STRAND SKIS, designed and made by the Ski expert, Martin A. Strand, represent the acme of perfection in Ski-making. These we offer in the following grades and prices: Boys' Pine Skis, 6 ft. length, \$3.70 a pair. Pine Skis, 7 ft. length, \$4.25 a pair; 7 ft. Maple Skis, \$5.65; 7 ft. Ash Skis, \$8.00; 8 ft. Ash Skis, \$9.50. Ski Poles, \$1.60. Harness, \$1.70 and \$4.40. Ski Wax, per tube, 45c.

### HOW COST WAS CUT IN HAMILTON

vate Distribution of Hydro Power.

Contributed by Hardware Clerks' Association.)

Every citizen of St. John should reember that in all fights in the interests rting the movement, but it is eable that published facts and fig-

made by the Hydro Commission for the same service, the company reduced it rates, based on a five year, contract, to \$47. The city of Hamilton has been paying to this same company, \$45 per h. p. for pumping, but the commission's offer was \$17.50. The company, upon learning this, made an offer to supply services to any municipality at ten per cent less than the Hydro Commission, matter what that price might be.

This was such an object lesson to Hamilton of the ills of private ownership, that instead of accepting the offer, they, in 1911, voted for municipal ownership and distribution. An appropriation of \$505,000 was made and, in spite of injunctions and other legal efforts to prevent it, the city hydro system was adopted in 1912. The city commenced operations in 1913 swith only five customers, yet in 1920 it had 15,450 domestic users, 16,664 commercial users and 550 power users. This is a striking example of what was accomplished in spite of legal actions, and against a very power ful company who were buying their power at a cost so low as almost to defy competition. Judging by the results in Hamilton, there need be very little worry by the citizens of \$1, John with regard to the ability of the present distributors to obstruct municipal distribution.

accused was remanded. L. A. Conlon appeared for the prosecution.

The court was occupied for some time with a case of a Tuxedo suit borrowed and not returned. In the proceedings the magistrate referred to a dance hall called "The Red Onion."

John J. Kelly gave evidence similar to his former testimony in the case against four young fellows, charged with intent to commit a felony on the property of the C. N. R. This closed the case for the prosecution. The defendants said nothing in answer to the statutory questions and were committed for trail. The magistrate refused Mr. Conlon's request for bail. K. J. MacRae and L. A. Conlon appeared for the defence.

County by Rev. George B. Payson, Methodist on Nov. 9, 1893, and lived to gether twenty years, six children being born to them. The plaintiff alleges that while they were living together his wife frequently absented herself from home for periods of several days. Several suggestions are made. It is probable that this case will not come to trial until the July term.

BURIED TODAY.

The funeral of Miss Stella Littlejohn took place this morning from the residence of her parents, 199 Sydney street, to St. John the Baptist church for high mass of requiem by Rev. Gamphell was

MRS. SANFORD RETURNING.
Mrs. W. E. Sanford, president of the National Council of Women of Canada, has sailed for Canada from England. Mrs. Sanford has been visiting in England. Sanford has been visiting in England since the meeting of the International Council of Women in Geneva some months ago. Among other visits she made during her stay abroad, Mrs. Sanford was a guest of the Marchioness of Aberdeen and of the Duke and Duchess of Department of Thomas Campbell was at Black River this morning. There was service last evening at his late residence, 301 Union street. Rev. R. Moorhead Legate officiated. The floral offerings were numerous and beautiful.

### DIVORCE COURT; SEVEN NEW CASES

Question of Municipal or Pri- One from Lancaster on Docket in Fredericton.

> Court to be Opened on Next Monday and Adjourned Until the 31st, as Judge Crocket Has Court in St.

(Special to Times)
Fredericton, N. B., Jan. 21—The Jancipal distribution of light and power in vorce court will on the New Brunswick di-

In the face of that very plain and very definite statement it is interesting to hear of a rumor that an offer may be made to the fleitzens of St. John that it may be possible for them to obtain under private distribution a rate of nine or ten cents per k. f. h. It is very unlikely that the citizens under present consider such an offer. At the time when the Ontario Hydro Commission was in a position to supply light and power to the city of Hamilton, it was costing this city the sum of \$84 at year for every are light, being the charge made by the Hydro Commission for the same service, the company reduced its rates, based on a five year, contract, to \$47. The city of Hamilton has been paying to this same company \$45 per

Sand Point Sheds — Structures Now Valued at \$275, 000—To Insure for 80 Per Cent.

It is expected that a readjustment will be made of the West Side terminal values in accordance with a survey made by the City Engineer recently, 80 Commissioner Bullock said this morning. He said that the engineer had made a reclassification of the property from the standpoint of replacement values and as a result the increasing of the insurance by some \$60,000 will be recommended.

The engineer figured the total replacement value of all the Sand Point sheds at \$275,000. It is proposed to insure them for about sighty per cent. of their value—\$220,000. As the amount carried now is about \$170,000, the new arrangement will mean an additional of \$50,000 to the insurance will amount to \$2,166. The matter will likely come before council next week.

POLICE COURT

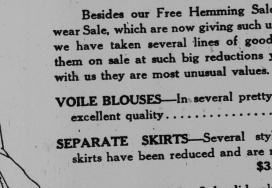

Pedro Meyetso was before the police magistrate again this morning charged with being a common vagrant. It was said that he has been spending nearly every night at the station as a protectionist. The magistrate told him to get out and get some work. He would get no more shelter at the station.

Two men, charged with being drunk, pleaded guilty and were remanded. Henry Melanson pleaded not guilty to a charge of assault on his wife. Mrs. Melanson testified that her husband had been drinking on, Thursday and thay deep the support of the family, Daughter and son also gave evidence and the accused was remanded. L. A. Conlon appeared for the prosecution.

The court was occupied for some time with a case of a Tuxedo suit borrowed and not returned. In the proceedings born the plaintiff and names as correspondent. They lived us for the family Daughter the plaintiff on March 12, 1913, by Rev. Henry C. Young, Methodist on Nov. 9, 1893, and lived together seven years at the helaintiff weight with the recurse of the family plantiff with the residence of the family Daughter the plaintiff of the family Daughter the plaintiff of the family Daughter the plaintiff of the plaintiff, it is alleged,
