Warrant for Cobb.
Detroit, Mich., June 24.—A warrant was issued today for the arrest of Ty Cobb on a charge of disturbing the peace. The complaint was made by William L. Carpenter, a meat dealer, with whom Cobb had an altercation on Saturday night. Cobb is in Battle Creek today, and no effort will be made to serve the warrant until he returns.

Free to Them All.
Madison, June 24.—Congressman John J. Mitchell is the possessor of an American League pass, good in all the eight cities, which was issued to him by Pres. Ben Johnson, on application by Empire Thomas Connolly, the only application for one ever made by Mr. Connolly. Congressman Mitchell and Connolly are great friends. Mr. Mitchell is greatly interested in baseball, but because of his work has not found time to attend a game this year. RING
Paris, June 25.—Jack Johnson and Frank Moran, heavyweights, who are to fight for the championship here on Saturday, appear to be equally confident of victory as their training draws to a close. Johnson is so satisfied that he will win that he has \$5,000 to place on his chance, but so far has found no taker. Moran, at his training quarters a few miles outside of Paris, asserted today that he was sure he would defeat Johnson.

AQUATIC
Jim Paddon, Australian sculling champion, who is matched to race Ernest Barry of England on the Thames for stakes of \$5,000 has arrived in England, according to the English papers. With him traveled all the way from the Antipodes Syd Kemp, his trainer, and George Seifert, his chief supporter, who was in England a few years ago with the sculler Fogwell. Mr. Seifert is on his third trip, and he expressed the opinion that it was the English climate as much as the difference in the conditions of the water which proved such obstacles to the success of Australian scullers on the Thames.

Still he fancies that Paddon will do better in rough water than is at present expected, as he contends that the Australian is a sculler of resource and has got staying powers.
Jim Paddon is 28 and he has been rowing for about 12 years. His notable performance was when he vanquished Alfred Penson and became Australian champion, while his other great contest was with Dick Arnst, who challenged him for the Australian title. Paddon won, but in the course of an interview recently expressed the opinion that Arnst was not at his best at the time of the race.
In fact, added Paddon, Dick complained of his back and said it had given out the morning of the match. When Paddon meets Barry he expects to weigh about 180 pounds. He stands 6 ft. 8 in. and naturally must look rather awkward in a boat, but all the same his friends are clear that he gets an extraordinary pace on his craft. On being questioned as to the merits of the Barry, Albany and Paddon controversy, as to who should have priority to compete for the world's championship Paddon said his challenge had never been withdrawn. His money had been up all the time.

Players We Know

Eddie Ramsey left last night for Sydney to join that team in the Nova Scotia league.

Old Timers Coming
The railway town is importing men who include Neptune, Tarbell, Wildes, and in all Montreal will have seven outlanders. Swenson left for home yesterday. The St. John management are in touch with a professional battery and some infielders.
Art Finnamore's Sydney team seems to be doing well in spite of difficulties. They knocked a victory out of Gloucester Bay on Monday, 4 to 3.

Oh, you old jimmy pipe!

"Lead me to it" say millions of men since they've found out that Prince Albert tobacco can't bite the tongue and can't parch the throat.

"Lead me to it" you'll say just as quick as you invest in a tidy red tin and find out first-hand just why P. A. has become the largest selling pipe and cigarette tobacco in the United States.

PRINCE ALBERT
the inter-national joy smoke

brought thousands and thousands of old jimmy pipes out of the garrets. It has revolutionized pipe smoking! Today three men smoke a pipe where one smoked before.

That's because Prince Albert is made by a patented process that cuts out the "grouch" and just lets in the sunshine! Never in your life have you hit such flavor and fragrance and freshness!

Play P. A. in a jimmy pipe or roll up the corkingest makin's cigarette you ever put fire to. It's all one and the same thing—just good for what ails your smokappetite! And it rolls up so dead easy. Being mighty fresh, it just stays put and doesn't blow away or run away like the dust-brands.

And, you know, today's the day!

Prince Albert is the largest seller in the United States. It is now being imported into Canada by wholesale dealers and is sold by all of the leading retail dealers. In one-eighth-lb. red tins.

Starving, Yet Afraid to Eat

"I cannot thank you sufficiently for the great blessings, which have come to me as a result of your treatment.
"Before going to see about my eyes I had been a constant sufferer for many years with headaches, dizziness, nausea, and a general tired feeling. For years I scarcely passed one whole day without vomiting after meals, and I was afraid to eat, although starving for food. My condition became so bad that the hours of sleep were filled with ugly dreams, and my nose would bleed upon retiring.
"When I commenced treatment it was in doubt, but with a faint hope inspired by the accuracy of your diagnosis, although the doctors both here and in Scotland had given my case up as hopeless.
"After the second treatment I secured two nights of the first real sleep in years, and my nose stopped bleeding, and after the third treatment I commenced to retain my food and my recovery then became steady and continuous.
"In less than two months, by your skilled and wonderful treatment, I was completely restored to health, and able to work every day."
Thankfully and faithfully yours,
MRS. ELSIE MACDONALD,
239 Beverley St., Toronto, Ont.

Spectacles Valued at \$1,000

"For quite a while I had trouble with my eyes, and there was a cast in them which caused the sight to become so mixed that it was very difficult to get about the house, as two objects would appear where only one was, until it was almost impossible to do any work. I went to several oculists and eye specialists and was told that nothing could be done without an operation, and even that might not help very much.
"When I went to you and was told that I could be helped, I scarcely dared to hope, but decided to try, and in three months my eyes were so much improved that you had my permanent glasses made with the wonderful result that my sight became clear and strong, and I recovered the full usefulness of my eyes. The doctors and my friends thought my trouble could not be remedied by glasses, and the special kind you made for me have caused great interest, and several specialists have called to see them. I am glad to say they are wonderfully comfortable, and give me perfect sight, and I would not take \$1,000 for them if I could not have them replaced!"
