AN EVENING'S ACTIVITIES IN THE Y.M.C.A. BUILDING

If any citizen had decided to spend last evening in the Y. M. C. A. building he or she would have got a very good idea of the usefulness of the institution in connection with various activities connected with city life. The executive of the Playgrounds Association was in session in one of the rooms, and the students at Kerr's Business College were enjoying a social in another. In the gymnasium several score of the members of the new St. John Rifle Company, among whom one discovered many prominent young business men, were receiving instructions from Captain Tilley and other officers. The boys' gymnasium class had its usual drill during the evening, and in another room a scout meeting was held. This was a fairly good list for one evening, and demonstrates the growing usefulness of the institution and its fine plant.

SOCIAL SERVICE AND MEN'S WORK LEAGUE

The men of the Congregational church enjoyed an excellent supper last evening served by the newly formed Girls' League. Invitations had been issued to the men of the church and congregation to meet to consider plans for the extension of the work of the church and the attendance was exceedingly gratifying. Several patriotic songs were heartily sung including "O Canada," "Rule Britannia," and "It's a Long Way to Tipperary." Rev. Ralph J. Haugson addressed the men outlining the purposes and aims of the meeting. This was followed by a general discussion in which practically all present took part. Various plans were discussed for the development of Christian service. It was unanimously voted that a men's league be organized in line with the social service commission of the Congregational Church of America, whose purpose is to serve the causes of industry, social service, organized charity and men's work. It was decided to meet again next week to complete the organization. It was altogether an evening of stimulating and profitable Christian fellowship.
