Connell, Sister Cecelia, Mother Sup-erior of the Mater Miseracrodae Home, and Miss Evelyn Kerr, of the Imperial Theatre staff yesterday afternoon. It told of the death of Miss Margaret Louise Pettie of St. Anne Avenue, Bronx, New York City, sister of the sentor ladies mentioned and aunt of Miss Kerr. The St. John relatives are still un-hformed as to the cause of Miss Fet-tie's death and realize it must have been very sudden as they received a letter from her but a few days ago and gave details of her activities the few days previous. There was no word of Ilhess or disability, quite the toon. Miss Pettie was the youngest daugh-

Pettle, who after a long residence in this city, where all his daughters were born, took up resi-dence in New York where he died and was buried. The other daughters liv-ing are Mrs. Susan Connell and Sister Cecella already mentioned; Mrs. Pettit of New York, and the eldest, Mrs. E. Smith, also of New York. In addi-tion to Miss Kerr, there is a nephew, Charles H. Kerr, of this city. They are children of Mrs. John Kerr, anoth-er of the Pettle family. Miss Pettle last visited St. John up-on the occasion of the burial of her sister, Mrs. Kerr, eight years ago. Though parted from home-city circles for years she was kindly remembered here and kept up considerable corres-pondent. Miss Pettle will be buried in New York Monday.

Much business was transacted with dispatch at the regular meeting of the Local Council of Women yesterday afternoon. Mrs. Albert W. Estey, president, was in the chair. The plans for the Free Milk Tag Day were dis-cussed and the president urged the need of more workers and co-opera-tive interest in the enterprise. Miss Evelyn Ellis, head of the liter-ary department of the Maritime School for the Blind, Halifax, N. S., gave an address that was thrilling in its sub-ject matter and given in a manner that charmed her hearers. J. F. Down, or-ganizer for the educational and finan-cial campaign for the school, was also heard with great attention. Mrs. Es-tey followed the addresses by announc-ing the mass meeting in the Imperial Theatre at 8.80 Sunday evening, at which the matter of which the speakers had spoken would be given in detail. Professor Hollis Lindsay will also speak and play at the meeting. Mrs. W. Frank Hatheway wrote con-cerning fires that destroy the timber-lands and asked that the council im-press the Government with the need of more care this season in guarding the forests of New Brunswick and sug-gested that air police be introduced. Mrs. E. A. Young gave a concise re-port on the work of her committee in relation to Mothers' Pensions. Mrs. E. A. Young objected to any action being taken, as she said the pro-vincial Government had the matter in hand perfectly and was thoroughly alive to the need of timberland pro-tection.
