Notice was publicly given, while the association was in full session that Winchell's arrangements of Watt's Psalms and Hymns with a supplement is for sale at a low rate by Mr. John Naylor, Druggist, Granville Street, Halifax, agent for the Publishers Messrs. Lincoln & Edmands, Boston.

Several ministering brethren present strongly recommended this excellent and useful edition of Watts' to the attention of the Association and the Public, and as the appointment of an agent in Halifax, will remove many impediments which have heretofore existed to its free circulation it is supposed the churches generally through the country will now be speedily supplied.

Mr. John Naylor, has kindly offered to become agent for the Christian Watchman, and any persons desirous of taking that Newspaper may receive the same by forwarding to him one year's subscription in advance.
