Pekin, Feb. 4 .-- The first joint meeting etween the foreign envoys and the Chinese plenipotentiaries will be held torow. Only Li Hung Chang and Prince Ching have plenipotentiary rights. The other Chinese have merely the status of advisors.

All the envoys have agreed to maintain secrecy and will endeavor to impress the Chinese with the importance of simllar reserve, but as a matter of fact, there are many Chinese who know exactly the programme of to-morrow's meeting. All rumors and reports that large numbers have been listed for pun-ishment are without foundation, as only twelve provincial authorities have been amed. These the Chinese will be requested to punish commensurately with their misdeeds. There is a private understanding that at least half of them will be executed or requested to com. mit suicide, while the others must be
