HARDWICKE, June 28th, '78. To the Editor of the Miramichi Advance. one jot or tittle of the word of God.

Be content with nothing short of the whole Gospel of Christ. Divisions and separations are most objectionable in religion. They weaken the cause of true Christianity. They give occasion to the enemies of all godliness to blaspheme. But, before we blame people for them, we must be careful that we lay the blame where it is deserved.

False doctrine and heresy are even worse than schism. If people separate False doctrine and heresy are even worse than schism. If people separate themselvea from teaching which is positively false and unscriptural, they ought to be praised rather than reproved. In such cases separation is a virtue and not a sin. It is easy to make sneering remarks about "itching ears" and "love of excitement" but it is not so easy to convince a plain reader of the Bible that it is his duty to hear false doctrine preached. The old saying must never be forgotten. "He is the schismatic who caused the schism."

Unity, quiet and order amongst professing christians are mighty blessings. They give strength, beauty ahd efficiency to the cause of Christ. But even gold may be bought too dear. Unity which is obtained at the sacrifice of truth is worth nothing. It is not the unity which pleases God. There is quiet and stillness enough in the grave, but it is not the quiet of health but of death. It was the false prophets who cried, peace, when there was no peace.

Controversy in religion is a hateful

prophets who cried, peace, when there was no peace. Controversy in religion is a hateful thing. It is hard enough to fight the devil, the world and the flesh, without private differences in our own camp; but there is one thing that is even worse than controversy and that is false doctrine tolerated, allowed and permitted without protest or molestation.

I am quite aware that the things I have said are exceedingly distasteful to many were listened to with marked attention by a very large meeting.
