

MEN'S INTRAMURAL ATHLETICS

Early in our college year a Men's Intramural Athletic Board was organized under the leadership of Mr. Nicholls. The Board was made up of a president, secretary, staff representative, and representatives from all the colleges.

The purpose of this board was to organize all athletic activities for individuals not capable of making varsity teams, and, in the process, to promote college spirit and enthusiasm.

The first big endeavor was the annual "Around-the-Lake Run". This was a race of approximately three miles around Wascana Lake (or what was left of it). The Education team came out on top, with Don Szakacs and Jim Harding coming first and second respectively.

While Ross Pettigrew was winning the golf laurels, and Jim Bingaman the tennis, competition was run-

ning high on the soccer pitch. Arts and Science "B" came out on top with a close and hard-fought win over Education.

As volleyball proceeded into its last week, it looked as if Commerce would run away with all awards. All three Commerce teams were on top of their respective leagues, but in the finals the Commerce teams fell by the wayside, and Education came out on top.

With basketball, swimming, and badminton to come, Education is out in front, with Commerce and Arts "B" running second and third. Points are awarded not only for wins, but for participation as well.

Our appreciation to Mr. Nicholls is expressed for his tireless work and organization for making our intramural year what it was.

INTRAMURAL SOCCER CHAMPIONS—ARTS "B"

INTRAMURAL VOLLEYBALL CHAMPIONS—EDUCATION

INTRAMURAL WRESTLING CHAMPIONS
