HARTLAND

Hartland, Dec. 12.—For some time past a mashing and buckwheat mill has been in operation at Coldstream, being conducted by Belyea and Estabrook, who also run a general store at that place. The success of this venture has been such that the firm is now preparing to establish a roller process wheat mill, and with this end in view, Mr. Ernest A. Belyea, senior member of the firm, has gone to Toronto to select equipment for a first-class mill. Considerable wheat is now grown in Carleton county, and there are three mills already in operation—one each at Centerville, Bristol and Woodstock, but with the establishing of this new plant, farmers within a reasonable radius will receive ground next year for raising their own bread-stuff instead of importing it.

Mrs. Albert Searle and children of St. John, have been visiting at the home of Mr. W. J. Searle, Bristol.

Sergeant David Palmer, who arrived from St. John was given an appropriate welcome by the citizens of the town. He was wounded in France about a year ago and is still a passenger on the Canadian and was met in St. John by his wife, who accompanied him home. They were met at the train by all available autos and teams, which were trimmed in patriotic fashion and the procession looked very pretty between the station and his home, where the residue of the citizens were assembled to meet them. The school children marched from the school to the home and sang patriotic songs. Afterwards all joined in singing the National Anthem. Later a committee appointed by the citizens called upon Mr. Palmer and presented him with an address of welcome which he responded very feelingly. The address was read by Rev. G. S. Gardner.

The Red Cross Society has shipped a large number of socks to the boys from home, who are overseas.

The steamship Memling, Cdn. Amey arrived in ballast from Havre, yesterday, and is consigned to J. T. Knight & Co.

Colds or Coughs SHOULD NEVER BE NEGLECTED.

If They Are Some Serious Lung Troubles Are Sure To Follow.

A cold or cough, if neglected, will sooner or later develop into some sort of lung trouble, so we would advise that you get rid of it before it becomes settled. For this purpose we know of nothing to equal Dr. Wood's Norway Pine Syrup. This preparation has been on the market for the past twenty years, and has always given universal satisfaction.

Mr. Erwell Bolton, Wilton, Ont., writes: "Last winter I was caught in a storm and had to stay in a barn all night. I caught a severe cold which several medicines failed to cure. I went to some of the best doctors but these failed to do me any good. A friend advised me to use Dr. Wood's Norway Pine Syrup. I used three bottles and they saved me instant relief."

When you ask for "Dr. Wood's" see that you get the genuine, put up in a yellow wrapper, three pine trees the trade mark and bearing the name of The T. M. B. Co., Limited, Toronto, Ont. Price 25c. and 50c.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.
