DR. PUGSLEY ON
SUN'S CHARGES.

HIS POSITION
REGARDING
THAT DAM.

Was Not an Originator of the Plan, and Provisions Are to Be Taken Against Injury to St. John Lumber Interests—Foolishness of the Sun's Sensation Exposed.

A reporter of the Telegraph interviewed Hon. William Pugsley Friday in reference to the proposed company being organized to erect a dam at Winding Ledges, and which the Sun on Thursday morning, in flaming headlines, referred to as "Pugsley's Scheme."

He was given clearly to understand that no legislation would be asked from the New Brunswick legislature, and also that the most ample provision would be made for the free passage of logs through the dam.

THE WAR IS STILL ON
IN THE PHILIPPINES.

A Sharp Engagement in Which Two Americans Were Killed—Filipinos Routed After Severe Loss.

Manila, Feb. 9.—A force of 100 constabulary, under Inspector Kitching, yesterday defeated a body of 200 insurgents, near Marikina, a small town, seven miles from Manila, city, after a severe engagement, in which Inspector Harris and one man of the constabulary were killed and two men of the insurgents wounded. The enemy left 15 dead and three wounded.

The detachment of insurgents formed the main force of the irrecusable general, Juan M. Alzola. The constabulary were divided into three detachments, which were scouting the mountains of Marikina. The detachment commanded by Inspector Harris came upon the enemy, who were in strongly entrenched positions. Inspector Harris fell at the first volley, being hit five times.

BELONGED TO ST. JOHN.

Miss Gertrude Webber Died in Augusta—Will Be Buried in Calais.

St. Stephen, N. B., Feb. 6.—(Special)—The body of Miss Gertrude Webber, who died in a hospital at Augusta, arrived in Calais today, and will be interred Sunday afternoon.

Miss Webber was born in St. John 25 years ago, and was a daughter of the late Clarence and Josephine Webber. At the death of her parents she came to Calais and made her home with her aunt, Mrs. J. K. Gilchrist. She had accepted a position as stenographer in the office of a leading firm of lawyers in Augusta where she was struck with typhoid fever which resulted in her death. She was a most estimable young lady whose early demise has caused general regret.

HUSBANDS FOR BOER WIDOWS

French and German Widows Being Sent to the Transvaal by Boer Committee.

Geneva, Feb. 7.—The Swiss papers assert that the Boer secret committee, now in London, is sending out fully equipped and with their passages paid, French and German widows to the Transvaal and the Orange River Colony to marry the Boer widows and orphan girls, with a view to repopulating the country and preventing the British from becoming predominant.

What has been put into the teapot should be a great mistake when only a little drop of water on the leaves will fill the pot up afterward.

FLEWELLING'S MILLS
AT HAMPTON BURNED.

The Loss is Estimated at Over \$50,000; Insurance Only \$24,750—Match Factory Saved.

Hampton, N. B., Feb. 6.—The fire this morning which destroyed the establishment of the G. & G. Flewelling Manufacturing Company was the most disastrous in the history of Hampton.

About 5 o'clock the two men on duty during the night discovered a fire in the furnace room which immediately shot up to the roof. They ran to work and in a few minutes the blaze on the roof was extinguished, but when they came below again they found the fire had worked its way into the great mill and was soon a mass of flames.

The huge tongues of flame shot up into the air and lit up the surrounding country for miles. From a spectacular standpoint the fire was a magnificent scene.

The buildings which were burned consisted of saw mill, grist mill and box factory and together with the machinery are a total loss. At 7 o'clock they were a heap of ruins.

The firm employed from 130 to 140 hands the whole time and the loss to Hampton Village cannot be estimated as it does as it does at this season of the year will be very bad.

SPORTING EVENTS OF A DAY.

SKATING.

Montreal, Feb. 8.—(Special)—Parker and Merritt, the St. John skaters, were not able to carry off any medals at the international meet on the Montreal Athletic Association track Saturday. Both skated well and were handicapped by some poor luck, but they lost to better skaters.

There were 4,000 spectators, including the governor-general and Lady Minto, at the meet, which was one of the finest ever held in this country. The conditions were ideal.

Johnny Nilsson, the fair-haired Norwegian-American, won all the promotional events, and retained his championship title. He was chased hard in every event.

In the half mile, Harley Davidson, by a supreme effort, almost wrested the lead from him at the tape.

J. K. McCullough, of Winnipeg, ex-amateur champion, gave Nilsson a close argument in the mile, but was not able to get the lead. On the last stretch the Canadian stumbled, but despite this he was beaten by less than a yard.

There was also a close finish in the three mile event. In this race, Baptie, of North Dakota, who came 3,000 miles to race, looked like a winner 25 yards from the finish.

An eighth of a mile from the tape he made a fine start and came into the lead stretch in front of Nilsson. The race was closely followed by McCullough. Nilsson gave chase, but fast as he went he did not regain the lead until within a few yards of the finish.

World's Records Equalled.
Two world's records were equalled—the 220 yards, amateur, when Robson skated in 29.15 seconds, and the half-mile promotion, when Nilsson equalled John S. Johnson's 1:17.5.

Merritt won the first heat of the 220 yards amateur, and the second heat of the Canadian stamblers, and the half-mile promotion. He, with two others who looked like place men, Wood, of New York, and Korrester, of Toronto, fell in the final, which was won by Robson, of Toronto, hitherto unbeaten at the sprinting distances. Merritt also fell early in the final mile. In the three miles he was outclassed.

Parker qualified in two trial heats, half and mile. He was second in the second heat of the half mile and third in the second of the one mile. In the finals he went off his feet. He had a great deal of hard luck, but his stroke was not suited to the big track.

THE FIRST PENSIONER
OF CANADIAN PACIFIC
IS A NEW BRUNSWICKER

Interesting Sketch of Conductor Bartholomew Donahue of St. Andrews.

St. Andrews, N. B., Feb. 6.—Conductor Bartholomew Donahue, or as he is better known by his railroad associates, "Batty" Donahue, started life in the little town of Brandon, County Tyrone, Ireland. He lives until the 23rd day of next September, he will have reached his 70th year. His ruddy, honest countenance, vigorous form and classic step show little indication of time's decaying hand.

When "Batty" was three weeks old he crossed the Atlantic with his parents on the sailing ship "Hibernia." After a stormy passage, which, by the way, he has little recollection of, the ship moored in St. Andrews harbor, and "Batty" began life as a Canadian.

He was not 20 years of age when he entered upon his first work as an assistant for Engineers Fossick and Turner, who were surveying the route for the proposed railway from St. Andrews to Quebec, which was to make St. Andrews the water port of Quebec. This was the first line of railway to be projected in the lower provinces, if not in all Canada.

The surveying party got as far as Bartlett's, 10 miles from St. Andrews, when financial and other troubles caused the suspension of the survey, and Donahue found his occupation gone. A year or more afterward he re-appeared as one of the construction hands on the new road. A month of hard work was sufficient for him. About 1857 he became an engine-driver on the road. He remained at this post for a year, when he went to work for an "Ironmaster" in the Lower Provinces from the United States. Earl Fitzwilliam was one of the leading stockholders of the new railway, hence the locomotive was named "Earl Fitzwilliam."

It is not known yet whether the company will rebuild or not. A partial loss on some lumber cannot now be estimated. The match factory was saved.

GOODSPEED TO GO
TO THE REFORMATORY.

Supreme Court Delivers Judgment—Other Cases of Interest.

Fredericton, Feb. 6.—(Special)—In the supreme court this morning judgments were delivered as follows:—

The King vs. E. Barry Plant, justice of the peace, Madawaska county, ex parte Albert J. Violette. This was a conviction by a magistrate of Madawaska county for trapping moose. The conviction upheld.

De Bury vs. de Bury—Judgment upheld and the appeals dismissed without costs. The Goodspeed case—A highly judgment was read by Justice Hamilton, maintaining the ground taken by the attorney-general, and ordering Mayor White to sign the warrant to convey Fred Goodspeed to the Industrial Home.

Judge Landry read his opinion. He believed the correct interpretation of the act is that the warrant, when signed, must sign the warrant, and that the mandamus should go.

Judge McLeod upheld the trial judge and said that the only thing for the chairman to do was to sign the warrant as ordered.

Judge Gregory concurred in these opinions. The chief justice said that he hoped there would not be shown a disposition by the governing board to get rid of the by-law to give an opportunity to escape. Special vigilance should be exercised that he is kept in the home for the full period of the sentence and that every effort should be made to reform him and influence his future life for the good of himself and the community.

The King vs. Neil McQuarry, a Victoria court case. Appeal quashed and rule discharged.

King vs. Fraser ex parte George. Rule discharged.

King vs. Fraser ex parte Alexander. Rule absolute.

Ray vs. Donald Fraser & Sons. A new trial was moved for. Refused. Justice Gregory, McLeod and the chief justice thought the motion should be granted and a new trial ordered. Landry, Barker and Hamilton were of contrary opinion.

Wood vs. LeBlanc. Motion for new trial refused.

King vs. Potts. New trial refused.

People's Bank of Halifax vs. Richard A. Bettey. Verdict for the defendant, \$25. The court was unanimous.

John M. Smith vs. Dominion of Canada Accident and Guarantee Company. New trial refused.

City of St. John. Judge Gregory read a judgment in favor of a new trial. Judge McLeod also read his opinion, and again a new trial. Rule absolute for a new trial.

Murphy vs. Fraser. Appeal allowed with costs.

Rev. M. J. Coughlan.
Woodstock, N. B., Feb. 8.—(Special)—Notwithstanding the skilled medical attendance of doctor and nurse, and the kind care bestowed by his parishioners, Rev. M. J. Coughlan, of Johnville, who had been suffering from a severe fever for four weeks, followed by a nervous collapse suffered a relapse and quietly passed away yesterday morning.

Rev. W. C. Chapman, pastor of St. John's church here, on receipt of the sad news, went to Johnville, and no services were conducted today in the Catholic church here.

The body, accompanied by Rev. Father Chapman, will be taken to St. John tomorrow for interment. The deceased priest was county chaplain of the A. O. H. He was 62 years of age, and was past the prime of his life. He was a member of the Johnville church since since October last.

The news of Father Coughlan's death came as a severe blow to family and friends in this city. Brought up by the rearing nurse which came from the sickle, he had been led to hope that recovery would soon be his. It was with surprise, laden with sorrow, therefore, that the telegram of Saturday announced the death of the young priest at 9:30 o'clock this morning.

Rev. Father Coughlan was born here in 1873, and was in his 29th year. He was the son of Mr. and Mrs. John Coughlan, Courtenay street. Closing a successful career at the St. John Grammar School, he pursued his studies further, his mind bent on attaining the dignity of priesthood. He studied at Monmouth and in the Catholic church here, was ordained priest by the late Bishop Sweeney, the ordination taking place in the cathedral.

Father Coughlan's naturally strong constitution did not withstand the strict application he gave his studies, and the vigor and activity with which he took up and carried out the work of his sacred calling. For a time he was curate to Rev. Father Doyle at Milltown, and later was transferred to St. Martin's, being hoped that he would recover his wonted strength and vigor. But Father Coughlan did not spare himself, and his charge was ever his first thought. He did much good in the parish and it was with regret of his people that he removed to Johnville last October.

There, as elsewhere, he was very active in his work, and many friends were added to those who thought so well of him. Through all his work was done unostentatiously, with ability, and he gave promise of a life of much usefulness.

Father Coughlan leaves, besides his parents, one brother, John, employed at Oak Hall and one sister, Mrs. M. Gibbs. In the Catholic churches Sunday references were made to the death of Father Coughlan and prayers for the repose of his soul asked. In the cathedral the Mass was celebrated for the repose of his soul. The funeral arrangements as far as made.

In the Church of the Assumption, Carleton Place, Rev. J. O'Donovan made feeling reference to the death of Father Coughlan, among other things, told of Father Coughlan as an altar boy in the cathedral in the years, when Father O'Donovan was a priest there. The boy had served him many

times in celebration of mass, and he paid a tribute to the faithfulness even then exhibited in attention to his duties.

Rev. W. C. Gagnon, at services in the Church of St. John the Baptist Sunday, made a feeling reference to the demise of Rev. M. J. Coughlan, parish priest of Johnville. The reverend gentleman told of the late priest's college life, his studies, and his position in college under his (Father Gagnon's) tuition; his subsequent history as a minister to the people of New Brunswick, being last number 25, treating on King street (east) forty feet and running southward, preserving the same width on the north side of the street, and containing a covenant for the renewal of the same having been levied on or after the 1st day of May, A.
