J. L. STEWART, EDITOR. WEDNESDAY EVE'NG, JUNE 25, 1873.

Corporations, it is said, have no souls. many of them have no brains. For example, witness the annual digging up and blasting up of the streets of St John. Years after a street has been to make a sewer in it, and begin digging and blasting accordingly. When this has been accomplished the Gas Company begin digging for pipe laying. are taken up and relaid. And then it is discovered that the sewer needs repairing or enlarging, and another ditch is year, so that people who visit the city oranges, Lemons, Pineapples, &c—
oranges, Lemons, Pineapples, &c—
Joshua S Turner open in exactly the same places they were the year before. When the sewstreet are not forced to enter them There are many houses in old streets

that have no connection with the sewers. To make the connection would cost omething, to continue filling up pest holes on the premises incurs no penalty. This one fact alone—the fact that peo ple are permitted to poison the air with refuse that should go to the sew ers that have been built at great cost is enough to show that the St. John Corporation is one of the many spoken element of brains. Then look at Dor- toria. chester street extension for another example. This street is building, has the city. been building for a long time, and will be building a long time to come. When ompleted, and the filling all put in and

This is the way this Corporation does business. It would never do Alliance Troupe, has made arrangements left Fredericton, and separated at the to build the sewer and cover it up as for their appearance four nights in the Junction, the visitors going West and the five or ten dollars, and vice versa. he street is made. There would then Academy, opening on Friday. be no excuse for digging.
