As a result of this affiliation it is expected that the Kent Farmers' Produce Company's plant here will become a distributing centre for the clubs. It is stated that the company will handle the farmers' produce and also purchase and distribute to the farmers' clubs on a commission basis. The company have considerable facilities for this purpose. They have a large plant consisting of a store uptown, an elevator, warehouse and chopping mill at the P. M. IR. station. If the farmers patronize the movement there is no doubt there will be a very large business pass through this new channel of commerce. It is expected that a man from the headquarters of the Farmers' Cooperative Company at Toronto will come here shortly and assist in getting things in running order for the new venture.
