

Gold Soap

A cake of Gold Soap is not only big but solid. It wears away slowly and evenly without crumbling or softening. It can be used down to the thinnest wafer. For this reason alone, Gold Soap is more economical than ordinary laundry soap—it goes farther. But a cake of Gold Soap is bigger than any other laundry soap at the same price—more soap for your money. It also is better soap—made only from the best materials suitable for laundry use.

Gold Soap is made in the Procter & Gamble Factories at Hamilton, Canada

Few People Know How to Make Tea!

One is served "boiled" Tea, "second-hand" Tea, and flavoured water; rarely does one obtain that real Tea—tasty Tea—that has been called the "Nectar of the Gods."

The way to get it is to buy Lipton's Tea and follow these directions in making it:

- 1—Always use an earthenware or china teapot.
- 2—Thoroughly warm the teapot by rinsing with hot water.
- 3—Put enough tea into the pot to suit requirements. Two teaspoonfuls of Lipton's is ample for five cups.
- 4—Always use freshly-drawn water, and have it briskly boiling when poured on the tea.
- 5—Allow the tea to stand not longer than five minutes.
- 6—Add cream and sugar to suit taste.

But be sure to get Lipton's, because it is the only GUARANTEED QUALITY TEA. Grown, blended, packed, and sold by the same firm.

No other firm can give this guarantee.

Enthusiastic Welcome.
The seat plan for the appearance here next Monday, Tuesday and Wednesday of "The Better Ole" opened this morning at the Allen box office. Indications are that this world-famous film will receive the same enthusiastic welcome here that it has been accorded in every city of the continent of Europe and America were shown. The price of admission has been set lower than has prevailed elsewhere for the management is desirous that every citizen, every boy and girl shall have the privilege of seeing the most accurate and most wonderful screen interpretation of the spirit of the war that was ever recorded. It is not though, a war picture in the general acceptance of the term; and it is British throughout.

Mentors Training Institute.
The weather man interfered with one of the most exciting hockey matches of this season, when the TUXIS boys were to meet a Father's Hockey Team at 9.15 last night at Kaufman's rink. "Twas to be a six man hockey game—every man an expert in his line. The father's line up was as follows:
Wilfred Wing—Business Manager
Kaufman Rubber Co.
Oliver Mitchell—Superintendent
Mitchell Buton Co.
Claude Forsythe—President & Manager
Forsythe Shirt Co.
Reginald Arthur Boehmer—Superintendent A. & C. Boehmer Box Co.
Fred Boehmer—Postmaster—City of Kitchener.
Bob Appleby—Chief Scout.
Substitutes—Geo. Boehmer—Manager A. & C. Boehmer Box Co. Eugene Pequegnat—Chief Ranger—Actuary Mutual Life.
This powerful aggregation were defeated by the mild atmosphere. The ice was covered with water. They could not play.
To-night after the regular meeting the institute, another father team will meet the TUXIS boys in a game of basketball. A number of fathers have been challenged by the boys on the ground of overweight. Chief Ranger Pequegnat has to decide this ticklish point.
The mentor's Institute held this week at Benton Street Church is growing in interest and enthusiasm from night to night. A feature of the meetings are the addresses by Mr. Lautenschlager who is reviewing Dr. Richardson's new book "Boyhood". The eating, the singing, the discussions, the calls etc., make the evening one of interest, pleasure and instruction. The meetings will culminate in a Father and Son Banquet at Zion School Room Friday.

SIMPLE WAY TO END DANDRUFF
There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need) apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.
