***** THE STAGE

AN EXCELLENT PRODUCTION.

A large and delighted audience at-tended the excellent presentation of Sousa's "El Capitan" by the Jules Grau Opera Company at the Grand last evening. It was a splendid production—one of the best bills that have graced the local stage in some

While the orchestra was missed, the splendidly balanced choruses carried the music with much dash and spirit, and the soloists were particularly worthy. The tenor, Joseph W. Smith, was magnificent; his "Queen of the Earth" demanding three encores.

The stage settings were somewhat primative, owing to the small space at the disposal of the carpenters, but this was more than atoned for in the excellence of the performers. The drill by some sixteen shapely and attractive young maidens was exceedingly fine.

The company was all and more than was said of it, and Manager Brisco is to be congratulated on securing such a uniformly delightful production.

Wednesday, Feb. 18.—Pittsburg Orchestra, assisted by George Hamlin, tenor.—Good musical production.

Friday, Feb. 20—A Sister's Love.—Reported fair.

his former efforts.

The date arranged for his appearance here is Friday evening, January 30th.

CHAMBERLAIN'S TOUR.

Met at Ventersdorp by a Boer Commando.

London, Jan. 26.—Colonial Secretary Chamberlain started Saturday on an interesting waggon trek from Potchestroom to Mafeking, accompanied by Mrs. Chamberlain, Sir Arthur Lawley, Major-General Baden-Powell and others. Relays of mules had been arranged to enable the party to travel at about ten miles an hour. There was a picturesque scene outside Ventersdorp, 31 miles northwest of Potchestroom. A com-Millions of Acres of good land for sale on systems in the North-West.

After the presentation of an address of welcome the Secretary made a speech to the commando, in which he congratulated the Boers on being the comrades of so great and gallant a man as Gen. Delarey. He said also:—"I hope he is my friends. We fought a good fight, and there is nothing to be ashamed of on either side."

On the conclusion of Mr. Chamberlain's speech, which was throughout in this vein, Gen. Delarey unexpectedly stepped forward and addressed the Boers in Dutch, declaring his belief that the Colonial Secretary was "the man to set things right in South Africa."

These speeches made an excellent impression. On preceeding on their journey Gen. Delarey accompanied the party.

"THE SCHOOL FOR SCANDAL."

Mr. William Owen, who has made so favorable impression here by his performance of various Shakesperian roles has made a wide departure in the style of his performance by selecting Sheridan's famous comedy, "The School for Scandal," for his this season's production.

The comedy has not been seen here in years and has never been given a thorough production in this country outside of New York. It is beyond question the greatest comedy ever written, and but for the expense connected with its revival would be seen more frequently. Mr. Owen has not been sparing in making his production and a most complete performance may be looked for, excelling any of his former efforts.

The date arranged for his appear—

butcher shop of John Hales and holdlar bill on the counter and, while Mr. Hales was cutting the roast of pork, picked the money up, unnoticed by anyone in the shop. The woman, when the money was missed, claimed that a young man, named Handysides, had taken the dollar.

P. C. Henry Darr was called in.
He guessed pretty close where the money was and wanted to search the woman. She refused, while Handy-sides voluntarily offered to be searched. The policeman said he would have to search both. On this, the woman took the money from her neck and dropped it behind a dressed hog. Her action was noted by Mr. Hales.

IRRITATING TROUBLE QUICKLY OVERCOME

If You Only Find Out The Right

Course to Pursue. Many physicians who advertise to Many physicians who advertise to cure piles, without the aid of the knife, simply use Pyramid Pile Cure remedies. They do so because they know it is the best medicine for ob-taining a proper combination of the most scientific ingredients for the cure of piles.

Pyramid Pile Cure is not in an

Pyramid Pile Cure is not in an experimenntal stage, but is an established remedy and is recognized and used by the best physicians in the country. Being in suppository form, it reaches the trouble at once and the healing process is quick and effective; immediate results are obtained, and before the patient relizes the fact he has recovered from the pain, suffering and irritation which

tained, and before the patient relizes the fact he has recovered from the pain, suffering and irritation which this trouble causes.

Children who suffer from this painful trouble, obtain relief at once. It is well with a very young child to reduce the size of the suppository before using. However if children are afflicted with piles, they should be treated without delay or the trouble may become chronic. Hundreds of little ones have been cured with Pyramid Pile Cure.

The prevention of piles is better than the cure and they can be prevented if only people would look to the regularity of the bowels and not become constipated. Constipation and its attendant ills can be avoided by the use of Pyramid Piles. The proprietors of the Pyramid Pile Cure saw that it was necessary to use with the majority of their patients a mild non-irritating laxative, and the Pyramid Pile Cure and Pyramid Pile Cure and the Pyramid Pile Cure and Pyramid Piles are sold by druggists everywhere for fifty and twenty-five cents per package.

A little book on the nature and

FIREPROOFING OF WOOD.

Latest Advance in the Treatment of Chem ical Impreg ation.

After a most exhaustive series of experiments extending over , several years, with a wide range of compounds, Mr. Joseph L. Ferrell has found in sulphate of aluminium a company of the series of the found in sulphate of aluminium a compound that appears to answer all the practical requirements. It has the additional feature, of no slight importance in its bearing upon the heproofing effect, that when strongly heated it leaves an infusible and non-conducting residue to cover and protect the cellular structural throughout the wood. It absolutely prevents the propagation not only of fame throughout the wood, but even of a glow, because of its nonco duting and unalterable charate, hay of aluminium in concentrated solution

the liberation and exhaustion of protecting vapor. There is no tential protective substance remaining the wood and the carboni ation

coal and the development of the peat industry. He says that Canada annually, consumes nearly 3,000,000 tons of anthracite coal, all of which comes from Pennsylvania. Most of this is delivered during the summer months. The prolonged strike changed the situation to such an extent that this summer no coal was delivered, and a serious fuel famine confronts the people of this latitude This condition of affairs, the Consultential of the continues, has given a tramendous

gloomy, dyspeptic friend, the Sage of Chelsea, is brought into striking relief by the revival of an anecdote of Charles Kingsley's. Carlyle, it seems, had been bored by Emerson's persistent optimism, and undertook o cure him of it. 'I took him,' he said, 'to the lowest parts of London and showed him all that was going on there. This done, I turned to him, saying: 'And noo, man, d'ye believe in the devil noo?' 'Oh, no, replied Emerson, 'all these people seem to me only parts of the great machine, and, on the whole, I think they are doing their work satisfac-

Gulls on the Thames It might be the middle of a long Imber of gulls to be seen on the hames as far up as Westminster jeige. To-day the sky was leaden, see water more dull and dreary, and great and there a stray gull foraging bout, but all of a sudden some one one of the bridge and in a moment of the bridge and in a moment on the air was alive with beautiful hite-winged creatures. They swept own in eager competition for the carps and caught them with surprising quickness, but I noticed they let ne crusts pass. The seagull, being soft-billed bird, presumably cannot hange hard food. There are thousands of gulls to be seen in the rivmanage hard 100d. There are todaysands of gulls to be seen in the river, but no weapon of destruction is ever levelled at them, nor would it be allowed.—London Correspondent Toronto Telegram.

How to Write on Glass.

the Pyramid Pills for constipation were the result of much careful thought and patient investigation. Pyramid Pile Cure and Pyramid Pills are sold by druggists everywhere for fifty and twenty-five cents per package.

A little book on the nature and cure of hemorrhoids or piles will be furnished free upon application to the Pyramid Drug Co., Marshall, Mich.

How to Write on Glass.

To write on glass moisten the surface with strong vinegar and write with an aluminium point. Small particles of the soft metal are left adhering to the glass, and the writing is fairly permanent. Or take one to two parts of silicate of soda mixed with eleven parts of liquid ink, using a steel pen. The pen should be wiped after using.
