congregation on the Sunday, when I The Secretary proposed the Rev. rend prayers for and preached to Edward Morgan, Assistant at Barrie, them in their own language. The chief and missionary for parts adjacent, and expressed himself much indebted to us the Rev. II. II. O'Neil, Assistant minfor what we had done in translating for lister at London, for election, as Incorthe Indians the New Testament, a copy porate members, to be balloted for at of which he had in his possession, and the next meeting. carnestly requested me, whenever the new edition of the prayer book is published, to send him some copies for himself and his people, which, of course, I promised to do. I have had an application from some of our people lately remove I from Mahnetoonhning, who have settled on the Western part of the Indian Reserve, near the Methodist Village of Saugeen, to visit them and see what can be done towards organizing them as a congregation. I am desirous of doing this if possible during the present winter, as I conceive that it is of great importance that we should maintain an influence on that great tract, which is now being brought into the market—namely, the Indian peninsula.

I have had during the summer several communications from the Bishop of Agreed upon at a meeting of the Clergy of the Rupert's Land, and Rev. Mr. Breck, head of the A. M. E. Church's Missions on the Mississippi, both of whom inform me of the very great assistance they have received in their labours from the translations which have emanated from our Mission on Lake Huron.

I am at present engaged in hastening through the press a translation of the Book of Psalms, for the second edition of the Book of Common Prayer, and when this shall have been completed, I shall feel that should my personal connection with those missions be brought to an end, which I fear the present circumstances of my family seem to indicate, my labours of now seventeen years' duration among these tribes cannot have been without fruit, inasmuch as wherever throughout this Continent the Oribwa and its kindred dialects are understood, the word of God and our Scriptural liturgy will be in the hands of Missionaries and people, as long as Collections Made in the several Churches, the race may last.

The sum that I have expended in the prosecution of the above mentioned labours for the past summer, is seventeen pounds, which, when granted by the Society, I would feel obliged by s your placing as usual, to my account, in the Bank of Upper Canada.

I remain, Rev. Dear Sir, Yours very faithfully, FRED'K A. O'MEARA.

Rev. T. S. Kennedy, Sec. C. S., P. S .- The number of times that I have, during the past summer, visited the utmost limits of the district under le my superintendence, I should have stated, is five.

The concluding prayers were then read, and the meeting adjourned.
