In cases of sunsual rankness they might be put upon ice with advantage.

With a candidate of the character described, plus intelligence and backbone, there would be little trouble in rallying to his support overy workingman and friend of the workingmen who is not an arrant humbug, and such a rally would mean his election. We have no means of guessing what the convention will do. We are merely stating the situation and drawing the logical conclusion that must ensue from such a situation if it be seized upon by those most concerned. The matter is one of interest to others beside the workingmen, and interest to others beside the workingmen, and interest to others beside the workingmen, and fire the instruction and enlightenement of stock breeders and farmers in Camada, and the candad and Mr. Meredith are both in the instruction and enlightenement of stock breeders and farmers in Camada, and the demonstration of the fact that our country was the best field for developing these pursues. Moyat was exceedingly strong in the Legislature and the country. There was nothing that simulated the shadow of a deadlock. The formation of a coalition would have involved not only the defection of a large number of members; but also the danger of defeat at the polls of many of the parties to the deal. The present Mr. Justice Cameron was then the Opposition leader, of whom a common complaint was that he showed too little anxiety to lead his followers out of the wilderness and into the promised land. Both his opponents and his followers esteemed him highly for his many sterling attributes, but the latter thought that he either lacked or refused to practise the arts of a successful politican. The Hamilton Spectator is always cheerful might exercise, then even ordinary mortals and cheerfulness is a virtue. In more sense this is most emphatically not the case. For, in the first place, the Czar is an absolute monarch, who cannot be controlled by ministry or parliament, or any such power. As a last resort, conspirators may put him to death, and bring in his successor; but while he lives be must be obeyed. And, next, this is what makes the personal condition and temper of the monarch so important a factor in determining what that something which we call the Russian Government will do. The Russian Government is really the Czar, plus certain say that one cabinet minister from the head

Again reports are becoming rife to the effect that the Czar is certainly going mad, if he have not already reached that stage, like some of his predecessors. One London paper says that he is suffering from sleeplessness and congestion of the brain, the latter being an old family complaint with the Romanoffs. In the torroboration of such reports, the Berlin correspondent of the New York Herald was informed, when in Vienna recently, that the Dzar asked a distinguished German physician of St. Petersburg last summer (1886) for a positive opinion in regard to the health of the little Czarovitz, who is to pass the winter at Knight of Labor as their candidate.
