HEMISTS The Chemists continue to lead the A section having been undefeated in three games. Meanwhile the B section leadership is shared by the Froshmore and the Alumni teams, each with two wins and

one loss. Five games were played last Wednesday night with high scores being racked up. Both sections seem to have their share of good teams as evidenced by the high scores.

The Chemistry Society routed the Residence B squad 82-32. The winners were lead by the sharp shooting of Burt Simpson and John Little who had 21 and 19 points respectively. Don Fowler was top man again for the Residence with 14 points. Tom Drummie followed for the Residence with 8. The losers lost many points by having 11 fouls called against them while the Chemists had only two personal fouls called against them.

The Engineers got back in the win column by beating the Freshman Bullets 79-37 after having lost the week before. The winners seemed able to score at will although the Frosh put up a stout defence at times. Tom Gorman lead the Engineers offence with 21 points. Dewey ac-counted for 14 points for the En-gineers. The losers top scorer was Junior Thorpe who scored 11 points. He was followed by Watson with 10. Very few fouls were called in this game.

In the final game in the A sec-tion the Arts and Science squad combined effective defence with accurate shooting to whip the Mooseheads 65-41. The scoring leaders for the Arts and Science were Don Brannen with 26 points and Will Cockburn and Jim Crocket who followed with 16 and Crocket who followed with its and 12 points respectively. Daryl Mowatt of the winners turned in a very sound defensive game. The Mooseheads were lead by big Jerry Boulton who accounted for 16 points. The game was quite rough although the referee call-ed only 11 fouls ed only 11 fouls.

The B section of the Alumni rolled over the inexperienced Soph Foresters to the tune of 84-12. Doug Rogers and Ben Baldwin topped the winners with 20 points each. The losers couldn't do anything right and the winners scored almost at will during the whole of the contest. Basker-

The cream that makes your hair naturally lustrous . . . the only cream containing Viratol*. No wonder it's the pick of particular men who want neater, better looking hair. *Gives your hair lustre - keeps it in place without stiffness.

UNB Badminton Club Formed

At a large meeting of badminton enthusiasts held on Monday, No-vember 19th a U. N. B. badminton club was formed. The following executive were elected: President Rodger MacDonald; vice-president, John Peers, and secretaryreasurer, Margot Roach. It is hoped that the U. N. B. club will be able to challenge local Fredericton clubs to exhibition tournaments as well as have tournaments within the club. A constitution will be drawn up shortly by the executive for club approval. Any-one wishing to join the club may do so by contacting any of the executive.

Swim Club **Holds Party**

A Splash Party was held by the Swim Club last Friday night. There was a fairly good turn out of members, prospective members and in intramural curling are asked to non-members. They started off register immediately at the Phy-the evening by going for a dunk sical Education Office at the gym. in the Residence pool from 8:00 to 9:30, and in spite of the coolness of the water everybody got well soaked. They then moved up to the Ladies Reading room for free eats and dancing. Some played bridge, some danced and some sat around and talked. All in all hough everybody seemed to en-joy themselves. Special thanks to those that prepared and brought he excellent sandwiches and that

bigger turnout at the next meet-ing to be held in the near future for the election of officers and any business that you might have to talk over. 'There will also be some movies shown.
