

At a Conference held at Albany
between his Excellency William
Burnet Esq. Capt Gen. & Gov. in Chief
of the Province of New York & New Jersey
and two Sachims of the Indians named
Kanakaraghton & Tharinkoronwee
three Sachims of Cayuga named Othoch
Korie Dekanipore & Renjererat
two Sachims of Onondaga named
Hachikadoodon & Sadekeenaghtie
this 14 day of Sep^r 1726.

His Excellency told them that since they had complained
against the french Inroaching on their Land at Onjagana
by building a fort there, and since they ~~proposed~~ expected
that the King of Great Brittain should protect them,
in the quiet Enjoyment of their own Land it would be
proper for them to do at this time what they had proposed
to do 25 year ago which was to Submit and give up all
their hunting Country to the King and to sign a deed for it
which however has not been done and perhaps for that
reason their proposal at that time has not been so
well remembered as it would have been if they had signed
such a deed, therefore his Excellency proposed that they
should now sign a deed confirming that proposal and
likewise Submitting and giving up all their Land
adjoining to the Lake of Oswego and the narrow
passage between it and the Lake Cadarackuis, and
also all the land along the said Lake Cadarackuis 30 miles
from the water of said Lake & River directly into
the Country so as to leave their Cattle out of it or
sixty miles into the Country so as to include all their
Cattle & Country

After a Consultation among themselves,

They said that they would rather have the D. Deed 230
of Surrender & Submission include all their Cattle and
that they would then expect that his Majesty would be
pleased to defend them from any Inroachment on y^e french
His Excellency told them while it is peace his Maj^{ty}
could use no hard means against y^e french, only to
stand to the Treaty concluded between the two Crowns
but in time of war would protect & defend them
against all Attempts & Inroachments whatever
to be offered by the french
