

Application for pepsin must be made on the enclosed form. It will be sent *only after payment for same has been received*. (Remittance must include postage, if pepsin is to be sent by mail and the price of a measure for the first order).

Full directions for using pepsin will be supplied with every lot sent out.

NOTES.

Pepsin is sold in different forms. Scale pepsin, which comes in the form of thin amber flakes or "scales" is obtainable only in limited quantities. Soluble powdered pepsin, as the name indicates is sold as a fine powder. It is claimed to have exactly the same properties as scale pepsin, but does not dissolve so easily.

Other forms are known as spongy pepsin, granular pepsin, etc.

Pepsin is also prepared of different strengths.

The supply presently available for distribution by the Department of Agriculture is soluble powdered pepsin of a stated strength of 1 to 3,000.

J. A. RUDDICK,

*Dairy and Cold Storage Commissioner.*

OTTAWA, June 12, 1916.
