

There is a great truth in the doctrine of the economic interpretation of history but there is also truth, and a mighty truth, in the spiritual interpretation of life. The awakened human soul is indissolubly inknit with the warp and woof of things divine. It fights not alone, it is linked with God.

"No man is born into the world whose work
Is not born with him; there is always work
And tools to work withal for those who will.
And blessed are the horny hands of toil!
The busy world shoves angrily aside
The man who stands with arms akimbo set,
Until occasion tells him what to do;
And he who waits to have his task worked out —
Shall die and leave his errand unfulfilled."
