WEDDING BELLS.
Farm and Dairy recently received a wedding announcement that will be of as much interest to breeders of black and white as it is to us. It reads: "Mrs. Lew H. Phelps and her husband, the marriage of her daughter Maude Lillian to Mr. George A. Laddlaw, on Wednesday, June 10th, 1914, at Seville, Ont."
The Professor regarded with an eye of suspicion the small yellow cow the waiter had brought him.
"I take thee," he murmured, "for better or worse."—E.

A little Kansas boy wrote this composition on hens: "Hens is curious animals. They don't have no nose, nor no teeth, nor no ears. The outside of hens is generally put into pillars and feather dusters. The inside of a hen is sometimes filled up with marbles and shirt buttons and sich. A hen is very much smaller than a good many other animals, but they'll dig up more tomato plants than anything that ain't a hen. Hens is very useful to lay eggs for plum puddings. I like plum pudding. Skinny Bates eat so much plum pudding once that it set him into the colicery. Hens has got two wings and can fly when they are scared. I cut my Uncle William's hen's neck off with a hatchet and it scart her to death. Hens sometimes make very fine spring chickens."
