Opposition to Dairy Act Dying Out

PERHAPS the strongest opposition to the Dairy Standards Act which was met in Hastings County. That the opposition is becoming less and that it will finally die down is intimated in the following extract from the report of Mr. A. D. McIntosh, "I have attended several annual cheese factory meetings and have thoroughly threshed the matter at the Dairy Standards Act on again. At the Hobbin factory in Hunterford township, where there were visitors from the surrounding factories who came to get light on the subject, the meeting unanimously voted that they were in favor of the act taking effect April 1st next. At the Harold cheese factory meeting, in Oplinton wa, in favor of the act, but that it should not be in force for another two years. When the people over the country, more thoroughly understand that the act is being passed, and that the weight of it will be done at the expense of the Department and by the local dairy farmers, I feel sure that most of the opposition will rapidly die down, and that a new era dairying will dawn for the farmers of Ontario."

President R. H. Harbert, of the United Farmers of Ontario, has been busy lately addressing meetings in different parts of the province. Wednesday, Thursday and Friday, January 2-5, he spoke at Dumfries and Charleton in Ontario county. This week he is speaking in Oxford county.

Butter and Cheese at E.O.D.A. Winter Exhibition

(Continued from page 16.) percentage of the money to the makers. On closeness and texture he found only slight variation and on finish he had pointed some the full number of points. Mr. Thompson drew attention to the boxes in which the cheese had arrived and which showed every conceivable form of injury. This showed that cheese received very rough handling, or that the present regulations regarding boxes were not being enforced.

The closeness of the scoring was evidenced by the slight variations in the number of points allowed. The variations in the cheese getting into the prize money were as follows: Sept. white, 97.80 to 96.80; Sept. colored, 97.80 to 96.45; Oct. white, 97.35 to 96.70; Oct. colored, 97.35 to 96.70; flats (4 prizes), 96.75 to 95.90; Silton (4 prizes), 95.85 to 94.55. The most successful scoring was for silver for the best scoring cheeses, which was donated by the inspectors and cheesemakers, and is valued at \$100, was won by Jas. S. Tobin, Martintown. The score, made on Sept. colored, was 97.80.

Butter Exhibits Not Strong. The butter was placed by Mr. T. A. Zufeit, of the Kingston Dairy School. In his comments Mr. Zufeit said that there was scarcely enough butter on exhibition to give a fair base an opinion as to the quality of the product of eastern Ontario creameries. There were only three exhibits of creamery butter. Perhaps it is owing to the poor showing that Ontario butter had been making at our leading fairs that fuller classes were the newer province and with them some of our ancient makers had discarded the hope of winning medals when we came in competition with them we made a poor showing. It was to be hoped that matters would improve in the near future the butter exhibits would rival in excellence the cheese exhibits.
