HARD JOBS MADE EASY
if you have an

Alpha Gas Engine

THE farmer who goes on doing all his work by hand is wasting a lot of time and energy.

He could accomplish a great deal more work, and do it more quickly and more cheaply, if he had a good gas engine.

For some reason, many farmers who without hesitation will by a mowing machine that they can use only seven or eight times a year, will balk at buying a gas engine with which they can save time, money and labor every day. They seem to regard it as a luxury, when as a matter of fact it can be put to so many different uses that it will save its own cost more quickly than any other machine on the farm.

Go in and see the local Alpha agent. Let him show you for how many different purposes you can use the Alpha, and why it is the most economical engine to buy and the most satisfactory to own. If you don't know who handles the Alpha in your neighborhood, write us for his name. The sooner you get an Alpha, the sooner it will pay for itself.

Ask for catalogue, prices and complete information. Made in twelve sizes, 1½ to 28 H. P. Each furnished in stationary, semi-portable or portable style, and with hopper or tank-cooled cylinder.

TORONTO LITTER CARRIER

DON'T BE A SLAVE TO WORK!

Having to push the old wheelbarrow around the farmyard, often ankle deep in muck and mire, has done more to make farm life a drudgery, than anything else.

Think of the difference with a

TORONTO Litter Carrier

No more heavy work—no more wheelbarrow and sloppy work. A TORONTO Litter Carrier works with ease and speed, saving time, labor and money.

A note from you will bring a copy of our illustrated booklet. Write to-day, and learn also how a barn equipped with TORONTO Stable Equipment will be sanitary, clean, comfortable and satisfactory in every way.
