

STOCK GOSSIP.

In writing to advertisers please mention the Farmer's Advocate.

In the July number of the FARMER'S ADVOCATE is a well written description of some of the pure-bred Shorthorns that are to be found on the rancho of Mr. Walter Lynch, of Westbourne. Mr. Lynch has been known to many of our readers as a most successful breeder of his favorite kind of cattle, and those who know the herd will agree with us in saying that the praise meted out to the animals has been richly merited.—Portage la Prairie Review.

The Loughcrew flock, the property of J. L. Naper, Esq., consisting of 300 ewes, has been established over thirty years, and is directly descended from royal winners. The following are some of the noted sires that have been used in the flock within the last twelve years, animals of high pedigree, purchased at high figures and entered on the records of the Shropshire Sheep Breeders' Association and Flock Book Society of England:—Cossack (445), purchased at 100 gs.; Monarch (865), at 60 gs.; Quality (982), at 80 gs.; Protector (972), at 80 gs.; Prince Regent (970); Prejudice (174), bred by J. L. Naper; Bona Fide (1363), hired at 50 gs.; Baron Plassy (218), at 80 gs.; Honor Bright (1535), bred by J. L. Naper; Imperial Chieftain (3035), at 80 gs.; Regal Pride (3197), at 70 gs.; Proud Chieftain (3187), hired at 50 gs.; Allspice (3844), at 50 gs.; Amaranth (3845), at 110 gs.; British Star (2972), at 60 gs.; Dean of Norwich (5125) purchased at 110 gs.; Plymouth Rock, bred by J. L. Naper, who refused 100 gs. for him at Plymouth in 1890. He has been used to great advantage in the flock for two seasons, and will be used again this season. Since the flock has been established not a single ewe has been introduced from other flocks; all have been bred on the ground and by sires of the highest lineage, hence the purity, true type and character and high state of excellence it has attained. Two specimens of the flock were exhibited last year at the Royal Show held at Doncaster, and sold, one at 120 gs. and one at 100 gs. respectively, both secured by Englishmen. At Mr. Naper's forthcoming annual sale, to be held on the 31st of August next (instead of first Wednesday in September, as formerly mentioned), there will be offered for sale thirty splendid shearing rams of great size, true type and character, with beautifully covered heads; 150 shearing and stock ewes, of the truest type and quality; 270 lambs, which includes 70 beautiful ewe lambs of the highest breeding.

We have now much pleasure in telling our patrons that we have never been in better shape to meet their demands. We have not shown for three years, and all our stock have been on grass from May to December, and on sward turnips and rye hay from December to May. We can supply farmers with bulls to breed the best class of steers, besides settling once and for all the vexed dehorning question. Our strong point in the past has been the breeding and feeding of **SHOW ANIMALS**. We are breeding them **NEW**, and can turn out herds fit to stand against the world at Chicago next year. Our prices will be found most reasonable, and we shall gladly welcome farmers and stockmen, whether on business or pleasure. Send postal card for private Sale List and give us a call before investing.
