

GOSSIP.

I recently picked up a small girl of about eight summers on her way home from school. She said she was a farmer's daughter. I asked her if they had any milch cows. She said they had six. It being a Shorthorn district, I asked her if their cows were Shorthorns. "No," says she, "they are all longhorns."

The Canadian White Wyandotte Club's catalogue has just been received. It is full of up-to-date Wyandotte news, setting forth the good qualities of the White Wyandotte. The Club has issued a large number of these catalogues, which are for free distribution, and those of our readers interested should apply for it to the Secretary, J. F. Daly, Seaforth, Ont.

AN IMPORTANT SHORTHORN SALE.

At lot 11, con. 2, township of Chinguacousy, Peel County, Ont., 3 1/4 miles from Brampton, G. T. R. and C. P. R., 20 miles west of Toronto, on Wednesday, May 16th, Mr. Guy Bell, whose P. O. address is Brampton, will sell, without reserve, his entire herd of 88 head of imported and Canadian-bred Scotch and Scotch-topped Shorthorns—26 females and 12 bulls—including the stock bulls, Prince Cruickshank (imp.), a roan, by the massive show bull, Emperor, dam Golden Princess, by the Mina bull, Master of the Mint. Prince Cruickshank is now in his seven-year-old form, but is still active, and said to be sure and good for years' of service yet, and he has proven a sire of sterling worth, as the many good young things in the herd prove. The other sire in service is Imp. Cronje 2nd, a red, three years old, sired by Chief Mate, dam Crona, of the favorite Marr Clara tribe. He is an extra good type of the up-to-date Scotch Shorthorn, short-legged, thick-set, very evenly balanced; in fact, a show bull of the first order, and his calves are showing extra well. The other bulls range from 4 months to 2 years of age, nearly all sired by Prince Cruickshank, and two of them out of imported Scotch-bred cows in the herd, namely, Imp. Celia, by Sir James, dam by Ivanhoe, and Imp. Fairy Maid, by Clifton, dam by Lord Douglas. Besides an eight-months-old roan bull calf by Prince Cruickshank, out of one of these imported cows, there is a two-year-old red heifer, by Imp. Prince Cruickshank, and another by Imp. Nonpareil Archer, in calf to Cronje 2nd. The breeding cows are an exceptionally large, heavy-fleshed lot, some of them weighing up to 1,800 lbs., and all not having calves at foot are in calf to Imp. Cronje 2nd. In younger heifers, there are about a dozen from 1 to 3 years of age, a rare good lot, and all in grand condition. Besides the above named imported cows, the balance of the herd belong to the Margaret, Zee, Rose of Kentucky, Rose of Saxon, and Clarissa families, many of them being very heavy milkers. Mr. Bell, being alone, has decided to go out of the business, consequently everything will be sold, and the sale presents a rare opportunity seldom offered to the public. The class cattle at the buyers' risk. The terms are: 6 months, or 12 months per annum off for cash. The buyers will meet all morning train, and roads on day of sale. Terms of sale provided. See the advertisement in the write for catalogue, which will be sent on application to Mr. Guy Bell, Brampton P. O., Ont.

I Give My Belt Free Until I Cure You

That's a fair and square proposition—FREE UNTIL I CURE YOU. No man can make it unless he knows what he can do. I'm no novice at the business of curing men. I've been at the business 24 years, and in that time have learned that Electricity will cure hundreds of cases where nothing else will.

I know what kind of cases I can cure and will not take a case that I can't. When I found that I could feel sure of success in certain cases, I saw then that it was possible to make this proposition—no pay unless I cure you.

There may be some people who would not pay me when I cured them. I can take chances on those, as there are very few men who when they feel the exhilaration from my Belt will not be glad to pay the small price they cost them.

I cure some men for \$5. My \$5 Belt cured one man of lame back who had not been able to bend over to unlace his shoes for five years.

You pay a doctor a little money every month, and a druggist some more for the stuff he sells you to dope your stomach. It's no fun to look back after you have taken this stuff for years and are just as bad off as when you started—and your stomach the worse from the poison you have put into it.

Dr. McLaughlin:

Dear Sir,—I have worn your Belt for two months steady, and must say that it has done me an awful lot of good. I am well satisfied with the Belt, and I have found what you said about your Belt to be true. I will give your Belt all the praise that it deserves. Wishing you every success, I remain, yours very truly,

WILLIAM BYERS.

Nipissing, Ont.

Hallville, Ont.

Dr. McLaughlin:

Dear Sir,—I am well pleased with your Belt; it has done its work perfectly. The losses are stopped; my stomach is better, and I feel better in every way. I no longer have those despondent spells, and life is a pleasure. I wish to thank you for what your Belt has done, and your honest dealing with me. Yours truly,

I have been telling the readers of this paper what my Belt will do. If you don't believe me write to me. I will furnish you with the names of thousands of people, old men, who, out of gratitude, will write you. They will tell you just what they have told me. It has no equal. They feel as hearty and as youthful as they did at eighteen.

How often that is said by men who have been cured of Nervous Debility by the Dr. McLaughlin Electric Belt! They say it every day. Men who have been weak, gloomy, irresolute, and who had no confidence in themselves at all are now holding up their heads in pride, with the knowledge that perfect strength is restored; that they are as good as any man that walks and better than any man of their size. You know you are weak now, and wish you could say that you were as good as any many of your size. You can if you will use this grand invigorator. The proposition I make is a fair one, and should remove all doubt as to its ability to cure all forms of weakness in men and women.

A scientific man noted the world over—Prof. Loeb of California University—makes the assertion that "Electricity is the basis of human vitality." Coming from him, you believe it. I've been saying that for the past twenty years. Some believed me. Some didn't. I say this now. Electricity is the power that drives every wheel in your body machinery, that enables you to talk, to walk, run, think, eat and everything else you do. To you it's like the steam in an engine. When you have enough you are strong—not enough, then you need my Belt.

Maybe you believe that—or not. You will some day. Anyway, I am ready to back up everything I say, and all I ask you to spend is your time. And as you wear my Belt while you sleep, I don't use much of that.

Some of the things I can cure are: Debility of any organ of the body, decay of youthful vigor and every evidence of it; weakness of kidneys, stomach, liver, rheumatic pains, poor circulation, constipation and general ill-health.

I can give you the name of a man in your town that I have cured. I don't care where you are. Tell me and I'll give you his name, and you can ask him about me.

Now let's get together. If you would like to be a stronger, younger man than you are, come to me. Call and I'll give you all the satisfaction you want. If you can't call send this coupon and I'll send you, sealed, free a book that will tell you how I do these things and of men who have been cured by my Belt.

Office hours, 9 a.m. to 6 p.m.; Wednesday and Saturday till 9 p.m.; Sundays, 10 to 1. Consultation free.
