

McClary's Pandora Range

Emery rod and Towel drier—found Only on Pandora

When a knife is dull a Pandora owner never wastes time hunting for a "steel." She just walks over to the emery rod attachment to Pandora, gives knife six or eight passes over the high-grade emery, which puts on the keenest kind of an edge. This combined emery rod and towel drier is a patented attachment you cannot secure on any other range. Just one of the many improvements that go to make Pandora the handiest range you can buy. 14
