AN ENEMY OF MANKIND

A Subtle Foe to Deal With
The subtle, unsuspected enemy, which, taking hold on the kidneys, saps them of their strength and vitality, rendering them inactive and unable to remove the poisons and waste substances from the blood, should immediately be dealt with. All who suffer from backache, pains in the sides, sciatica, rheumatism, neuralgia, constant headaches, constipation, that helpless feeling of lassitude; stiff, swollen joints, hands and ankles, sore muscles, sleeplessness, floating specks before the eyes, irritability, should at once begin treating the kidneys with Gin Pills, which are by far the most effective remedy for diseases of this vital organ.

The first sign of pain in the back or side is warning enough. Do not delay. Once the kidneys and bladder get out of order, most serious, and often fatal consequences are likely to follow in quick succession. Get a box of Gin Pills today, and correct the derangement before it is too late. At all druggists or dealers, 50c. Money refunded if not satisfied. Free sample on request.

Comradeship

ADMIRAL Sir David Beatty, when speaking at Leicester a few days ago, said:—

"We have been through four and a half years of a great struggle. We have all learned something—the true value of comradeship. Comradeship has enabled us to win the war."

Realizing the significance and truth of this statement the Citizens' Liberty League appeals to the people of this Province to develop the spirit of comradeship, mutual forbearance, toleration and sympathy. Let us be fair-minded, less rigid, more reasonable, and more willing to give and take.

Admiral Sir David Beatty

Samuel Gompers

The workmen of Ontario appeal for better beer—non-intoxicating beer—beer containing 2.51% alcohol by weight—THE BEER OF THE BALLOT.

Samuel Gompers, the world's greatest labor leader, stated the workman's position clearly when he said:—

"The normal men, the men of Labor who work eight hours a day and no more, the workmen who earn decent pay, the workmen who have comparatively comfortable homes, they do not want the artificial spirit. The man of normal spirit finds comfort in pleasant surroundings; he does not need, and, as a rule, will not partake of intoxicating drinks; he shuns the effects of intoxicants. What we now ask is that the men of Labor, the masses of our people, shall have the opportunity to drink a glass of beer of not more than 2 1/2% by weight of alcohol in that

beer, and I am told you cannot drink enough of that character of beer to get drunk even if you tried."

Scientific tests, practical experiments and thorough research prove that beer of even greater strength than 2.51% of alcohol by weight, is absolutely non-intoxicating. (The results of these tests have been filed with the United States Circuit Court of Appeals).

As no harmful results can possibly come from drinking beer of this quality—is there any fair or logical reason why the working men should not have the more palatable beer for which they are asking—THE BEER OF THE BALLOT?

Support the working men and the Citizens' Liberty League in the endeavor to obtain a fair, just and reasonable compromise on the present too drastic prohibitory legislation.

Vote "YES" to all Four Questions

Mark your ballot with an X. Any other markings will spoil it. Remember, also—every voter must vote on every question or his ballot will be spoiled.
