CALCUTTA. May 19 .- The report that from 20,000 to 30,000 persons cied from cholera while returning from a religious fair is repeated.

At Calcutta a series of strikes are threa-

tened. Gangs of malcontents at Poonah have written to the Bombay Government threatening to rise another mutiny and put a price upon the head of the Governor.

The cholera in Peshawer is threatening to rise an obstacle to the withdrawal of troops from Afghanistan for some time. Bands are scouring the country, com mitting daring attacks on houses and villages. They seem to form a part of a regular organization, under the command of one Wassander Bulmend, lately a clerk in the Financial Department. They are suspected of setting the fire which destroyed the Government school-house, Boodwar Palace, Law Courts, and Post Office, Police

Office and 50 houses, in Poona, on the 13th More energetic measures are now being taken by the Government. A considerable number of troops have been ordered to patrol the country, and a reward of a thouand rupees offered for the capture of

Rain holds off in Behar, Chota, Ragpose, and districts round Calcutta.

Marshal (Fred.) Douglass delivered a lecture in the Centennial M. E. Church (colored,) Baltimore: It was calm, thoughtful, judicious. While no person probably would endorse every position taken by Mr. D., the lecture, as a whole, will no doubt be generally approved. He confessed to doubts in the past as to the future of his race; but added, "I have at length rid myself of all doubt as to the vindication of the principles of justice and liberty in the case of both white and colored." The exodus from the South to the West he does not approve and thinks his people "have been more unsettled by schemes of colonization and emigration than from any other cause."—" When the colored man despairs it is best for him to turn to the past and fling his plummet into its depths, not measuring his condition from the point he wishes to attain, but that from whence he came.-He will find in the past fifty years a constant and wonderful change. And though he sometim's wishes "the light had dawned on them more gradually, instead of bursting on the a wich abnormal effulgence and almost dazzling their poor eye-sight," yet feels there is no ground fo-

says, "Southern men will be instrumental in this work, and the Moses who is to lead | John Porter, 2. us may be a white man." He dreads the influence that will come by emptying thousands of uninstructed people, covered with rags, in a Northern community, thus making our enemies say these are the men whom Radical rule would place over the Southern white men." In his closing remarks he pressed strongly the necessity of industry, economy, honesty and truthfulness, saying, "The pulpit must not keep us on the high wave of Apocalyptic vision, but on the rock of practical righteousness." Mr. Douglas is a man of venerable appearance, grave and dignified in his bearing and of snow-white locks.

Right in the heart of old London, work. men recently excavated the fossil remains of several extinct animals. They include elephant tusks and molars, teeth and numerous bones of the gigantic extinct ox. The depth at which the remains were found varied from 15 to 30 feet.

London has 7,000 miles of streets and on an average 28 miles of new streets are opened aud 9,000 new houses are built every year; 1,000 vessels and 9,000 sailors are in port every day. Its crime is also in proportion to its extent; 73,000 persons are annually taken into custody by the police, and more than one third of all the crime in the country is committed within its borders; 38,000 persons are annually found guilty of drunkenness by its magistrates. The metropolis comprises considerably upwards of 100,000 foreigners from every quarter of the globe.

AN Art Exhibition is being held in Toronto, and the Princess Louise is among the exhibitors. One of her paintings is a study of a female head, and though it is not quite finished, it is spoken of in terms of decided praise as indicating artistic merit of a high order.

The "Bishops' Fund" of the M. E. Church seemes to be in debt to the Book Concern, New York, to the amount of \$104,-
