A WORD TO THE WISE

The editors hope you enjoy reading The Guide. This year will see many important improvements made. We can promise our old subscribers many new, unusual and interesting features, a constant bettering of our service.

During the next few years Canada must solve the trying problems that will have resulted from the great war. The equitable solution of the reconstruction difficulties will determine the status of western agriculture — as in whether our prairies will be dotted with prosperous farms or the industry stifled by placing upon it an unequal portion of the vast burden of debt that has been exacted. Every farmer should keep posted — The Guide should be a weekly visitor in every farm home during this period.

Back numbers of The Guide cannot be supplied. Send in your renewal now to avoid missing a single issue.

The yellow address label on The Guide shows to what date your subscription is paid. No other receipt is issued.

Rentiment should be made direct to The Guide, either by registered letter, postal note, postal bank, or express money order.

THE GRAIN GROWERS' GUIDE

"Equal Rights to All and Special Privileges to None." A Weekly Journal for Progressive Farmers.

The Guide is absolutely owned and controlled by the organized farmers — entirely independent and not one dollar of political, capitalistic, or special interest money is invested in it.

GEORGE F. CHIPMAN, Editor and Manager.

Associate Editors: W. J. HEALY, R. D. COQUETTE, J. P. SACKVILLE and MARY F. McCALLUM.

Published by the Postmaster General, Ottawa, Canada, for transmission as second class mail matter. Published weekly at 200 Vaughan St., Winnipeg, Man.

VOL. XI November 27, 1918. No. 48

Published under the auspices and employed as the official organ of the Manitoba Grain Growers' Association, the Saskatchewan Grain Growers' Association and the United Farmers of Alberta.

SUBSCRIPTIONS and ADVERTISING

Published every Wednesday. Subscriptions in the British Empire, \$1.50 per year, except Winnipeg city, which is \$1.00 per year. Foreign and United States subscriptions, \$2.50 per year. Single copies, 5 cents.

ADVERTISING RATES

Commercial Display: 25c. and 50c. per square line. Livestock Display: 10c. per square line. Classified: 5c. per word per issue.

No discounts for time or space on any class of advertising. All changes of copy and new matter must reach us eight days in advance of date of publication to insure insertion. Heading matter advertisements are marked "Advertisement". No advertisement for patent medicines, liquors, mining stock, or extravagantly worded real estate will be accepted. We believe, through careful enquiry that every advertisement in The Guide is signed by trustworthy persons. We will take it as a favor if any of our readers will advise us promptly should they have any reason to doubt the reliability of any person or firm who advertises in The Guide.

Death of Prof. Galbraith

A promising career was cut short when Arnold J. Galbraith, professor of chemistry at the Manitoba Agricultural College, died of pneumonia, following an attack of Spanish influenza, on November 11, at the age of 33. Prof. Galbraith was rapidly gaining recognition as an agricultural chemist, and during the past summer began a soil survey of Manitoba, which promises splendid results for the agriculture of the province. He formerly taught school in Ontario, later graduating from the Ontario Agricultural College. After taking post graduate work at Toronto University, he joined the staff of his alma mater as lecturer in chemistry, later coming to the Manitoba Agricul-

The Late Prof. A. J. Galbraith

tural College, where he was appointed head of his department about three years ago. His death is a distinct loss to the cause of agricultural education in the west.

United Grain Growers' Annual

The postponed date for the Annual Meeting of United Grain Growers Limited has been set for Wednesday, December 18, at 10 a.m. in Paget Hall, Calgary. Most of the locals into which the shareholders of the company have been organized already have appointed delegates. In some cases, meetings of locals have been impossible owing to the Influenza epidemic, but arrangements are being made to hold these meetings in time to have delegates appointed for the annual meeting of the company.

Screenings Prices Advance

On and after December 1, next, the price of re-cleaned screenings (standard stock food) will be advanced to \$36 per ton, f.o.b., Fort William, or points at which interior elevators are situated, in bulk.

The Feed Division of the Dominion Livestock Branch has been compelled to advance the price of this material in order to take care of high carrying charges that accrue from time to time. Of course, any orders received prior to December 1 will be accepted on the basis of the present price, namely \$35.50 per ton in bulk, f.o.b., Fort William.

It is cheaper to build A WARM HOUSE than to heat a - COLD HOUSE

Flaxlinum
TRADE MARK REGISTERED

EVERY farm home in Canada should be insulated with Flaxlinum, the famous cold resisting, heat holding, insulating material. Flaxlinum absolutely prevents cold from getting into your house from the outside. It holds the heat inside and makes your house warmer and easier to heat. It's far cheaper to put Flaxlinum in your house when you build it than to heat a house that is built without it. Put Flaxlinum in your home and every 3½ years your coal will not cost you a penny.

Illustrated Booklet Free

We have prepared a nicely illustrated little booklet that explains all about Flaxlinum. It tells how to use it and where to use it. It shows how you can save thirty per cent of your coal bill by putting Flaxlinum in your house.

Use Flaxlinum in Your Barn

Hog House and Other Buildings

For healthier and more profitable livestock, your buildings should be warm and comfortable. Flaxlinum enables you to put up warm, comfortable buildings that can easily be ventilated. Write us for full information.

You can get Flaxlinum from your Lumber Dealer, or if he doesn't handle it he can get it for you by writing
