SUDDENLY ON
A RIVER BOAT

While enjoying a trip yesterday on the St. John river on board the steamer Elaine in company with his brother, Frank C. Beharrell of Lowell, Mass., suddenly dropped to the deck and expired in a few moments. Blood flowed from the man's mouth and nostrils and when reached by his brother and the captain of the Elaine he was lying in a pool of blood.

The deceased was a popular contractor and builder in Lowell and a few days ago came to St. John to enjoy a few weeks' visit and endeavor to improve his health, which was failing. On Friday he and his brother, Frank, boarded the Elaine in company with his brother, and both got off at Fredericton. They stopped at the Waverly Hotel while there, and Frank Beharrell appeared to be much better. On Tuesday morning the brothers took the boat to return to St. John and just before starting Captain Peatman asked Frank how he was feeling. Mr. Beharrell said that he was feeling somewhat better, and was well about half an hour afterwards his brother came to the captain and asked him for a room so that Frank could lie down. He said that Mr. Beharrell was feeling very unwell. Captain Peatman started to look for the key of the room, but before he found it the brother came hurrying to where he was and in an excited manner exclaimed: "For God's sake get a doctor, for my brother has a hemorrhage." The captain went back with him to his brother on the top deck and found the deceased lying in a pool of blood, unconscious. Everything was done to revive the unconscious man. There was no doctor on board, but a trained nurse was found. She examined the man and pronounced him dead.

The boat was near Belmont when the man's death occurred. It is a race of about forty minutes out of Fredericton, but the boat came right on to this city.

Coroner Roberts was notified when the boat arrived. He made a thorough examination of the body last night. Mr. Beharrell, who was about fifty years of age, leaves a wife at his home in Lowell. His remains will be taken there today by the brother for interment. For some time Mr. Beharrell has been troubled with asthma and it is thought that a severe attack of this disease was indirectly the cause of his death.

MEMBER OF DEFUNCT FIRM

MAY NOT LIVE TO STAND TRIAL

NEW YORK, July 28.—Information was received today by his friends in this city that Thos. A. McIntyre, of the defunct firm of T. A. McIntyre & Co., is seriously ill at Old Point Comfort, Va., and that he may not live to stand trial on the indictment brought against him by the firm's creditors.

A GOOD NERVE TONIC

Will act, not so much directly upon the nerves as upon the digestive functions and the abundant formation of red, vitalizing blood. Nerves can be fed on medicines. They can, however, be restored and strengthened by assimilated food. The marvelous action of Ferrone's arises from its action upon the digestive and assimilative processes. When you take Ferrone's the blood is purified, strengthened, and grows rich and red. Then you grow vigorous, healthy and beautiful, ready for work, because you give the strength to do it. No tonic for the brain, blood or nerves compares with Ferrone's. Price 50c a box or 6 boxes for \$2.50 at Drugists or Poison & Co., Kingston, Ont.

CASTRO-DETERMINED TO

CLOSE THE GULF PORTS

British Government May Be Compelled to

Act Against This Venezuelan

Nuisance.

PORT OF SPAIN, July 28.—Following the issuance of a decree by President Castro last May prohibiting the dispatch of vessels from Venezuelan Gulf ports to Trinidad, Cuba, and other Venezuelan products have been forwarded from these ports to Grenada in the lesser Antilles and then to Trinidad. President Castro has now issued a decree prohibiting the dispatch of vessels with cargo for Grenada or other islands in the Antilles thereby closing the Gulf ports entirely to export and import trade with the Indies. Great indignation is felt in the British Colonies and it is expected that the aid of the British Government will be sought to secure protection against the methods of President Castro.

NEARLY SCORE OF
VESSELS IN ONE
HARBOR WRECK

ST. JOHN'S, N. F., July 28.—The Labrador coast was today swept by a hurricane wind from the northeast which wrecked seventeen vessels in one harbor. Other parts of the coast are as yet unheard from, but grave fears are entertained for the safety of Governor MacGregor of Newfoundland, who is on an official visit to the Labrador coast. The meagre advices received here state that the crews of the seventeen fishing vessels which were smashed to pieces in one harbor reached shore, but should any craft have been caught outside on the bleak coast, where there could be no succor to the shipwrecked, the loss of life must have been heavy.

The large majority of the good-sized fishing fleet on the Labrador coast was north of Indian Harbor, out of reach of any cable station, and it will be at least three days before the full extent of the disaster can be learned. It is not known on just what part of the coast Governor MacGregor was, no news of him having been received from Indian Harbor or any cable point in that territory.

The government immediately upon receipt of the news of the heavy damage caused by the northeast dispatched the steamer Virginia Lake to the relief of the wrecked crews.

WRESTLING MATCH
RESULTED IN SCRAP

SYDNEY, July 28.—The wrestling bout between Yankee Rogers and Cyndie Burns, catch-as-catch-can, best two in three, pulled off at the Lyceum here tonight, was somewhat disappointing to many of the spectators, in so far as the general result was concerned. The first fall was obtained by the Yankee, with a half Nelson and head lock, in twenty-eight minutes and twenty seconds. It was a fast and perfect exhibition of the game.

After fifteen minutes intermission, the men went at it again, but after five minutes of wrestling, the bout developed into a scrap, in which Referee McCormack met with some severe usage at the hands of Yankee. After the excitement had subsided the referee awarded the match to Burns, claiming that he had repeatedly warned the contestants, and that Yankee was the worst offender. Considerable money changed hands. Rogers challenged Burns, offering to throw him three times in an hour, but at last accounts Burns had not accepted.

ARGOS LOST BOTH
RACES YESTERDAY

HENLEY, via London, July 28.—The opening of the Olympic regatta at Henley was a success, and the weather was a fine one. There was a fine attendance. Von Gasa's performance in 9 minutes 35 seconds promises victory in the sculling. In the four Canada was beaten by over two lengths by England. Magdalen College winning in 8 minutes 35 seconds, the half being done in 4 minutes 35 seconds. They rowed well, but the winners are the fastest row ever seen here and the time is not likely to be beaten during the regatta. In the pairs, Leander, of England, beat Canada easily in 9 minutes 46 seconds, the half being done in 4 minutes 35 seconds. In the four Canada was beaten by over two lengths by England.
