

McClary's Kootenay

TOP, bottom and all four sides of the Kootenay oven are evenly heated. That is why it is so famous as a dependable baker. There is a thermometer, too, to tell whether the heat is right or not.

No range is quite so easily managed. Duplex grates clear the ashes at a single turn. Burnished cooking-top never needs blacklead. Nickered steel oven walls are kept clean with a damp cloth. Well-fitted joints and dampers hold the fire—and the oven heat—for hours.

Let us show you the Kootenay.

A group of housewives were having tea together at a restaurant and talking over the events of the day. The question under discussion was as to who had done most to win the war. Some said Haig, others Beatty, others Foch.

At last one woman chirped in.

"I don't know who's done most to win the war," she said, "but I know who's been most talked about."

"Who's that?" came a chorus.

"Why, this 'ere Alice Lorraine that the French and Germans came to blows over!"
