The Unionville Fair has become one of the most popular agricultural institutions of Eastern Ontario, and is at present so firmly established in the good opinions of the people that its continued success is a foregone conclusion. An average of five thousand people visit the fair annually, who come not only from the outlying districts, but from far distant cities and towns as well. The Unionville Fair has become so popular that many look forward to it with as much interest as they would to a family re-union, knowing that they will be sure to meet friends and acquaintances from all parts of the country.
