BRITISH PLUCK. TWO HUSBANDS.

Heroism of Jack Tars on the Sinking Cruiser. Scotch Woman in Trouble About Them in Toronto.

London, May 4.—Yesterday's mild though dismal weather greatly helped the salvage operations at the Gladiator. Divers reported seeing several bodies in the stranded ship, but are still unable to reach them.

A Toronto despatch: Charlotte York, a good-looking little Scotch woman, was in the police court this morning on a charge of bigamy.

"Give her a cheer, boys!" cried a drenched bluejacket who was sticking to the shining greasy hull of the Gladiator as it grounded.

"Look here," said the Magistrate, "you married her a month before your child was born, and you left her about a month afterwards."

"There is," says a German commentator, to-day, a large nobility that immortal question, "What will my Captain say?"

Bradstreet's Trade Review. Montreal.—The tendency of trade continues to be towards improvement. This is noticeable in nearly all lines, although there is, as yet, nothing like the activity of last year.

There will be a better movement in lighter goods for summer use. Cotton mills have caught up on the large volume of orders which they had in hand and they are now working on short time or are closed down.

There has been a fairly good enquiry for all lines of household furnishings. Carpet makers are busy on orders and the demand for oilcloths and curtains has been good.

The retail movement of men's hats and dress accessories is good. Brown is the predominating color and some of the country regarding seedling. The night warm weather of the past few days has also helped materially.

The dry goods trade reports a better sorting movement and indications are that from now on there will be a better movement in lighter goods for summer use.

Business men here are satisfied that prospects favor a gradual resumption of trade activity in all lines. The arrival of warm weather is having the expected effect, and in those parts of the country where seeding operations are over, business is picking up all round.

They are not disposed to consider themselves entirely out of the woods, however, as the total movement of wholesale lines is not yet heavy. Money is fairly plentiful and this has contributed to greater industrial activity.

There is still a large number of unemployed. One of the most notable signs is that of increased activity in building here and throughout the Province. The demand for supplies has increased greatly during the past month.

Seeding in Ontario is going forward well and it will be finished much earlier than was the case last year. The country sorting trade is calling for a larger volume of goods.

Most lines of produce are offering freely while prices show little change. Collections continue quite up to expectations and little complaint is heard from the wholesalers on this score.

Winnipeg reports say: Seeding is going along well in all parts of the country. In many districts the work is finished. Reports say the total acreage will be 20 per cent. greater than that of year and that conditions have been most favorable all through.

Work in this connection is about a month ahead of last year. Vancouver and Victoria reports say: A good steady trade is moving all along the coast.

Quebec—Cold weather holds back trade and the volume of business of the past week shows no improvement over the preceding one.

Hamilton—Wholesale trade continues to show improvement and a good future business is looked forward to. The sorting trade in dry goods has taken on a good tone and there is already some business moving for fall.

Greater activity is also noticed in local industries, although manufacturers have not as a rule large orders on hand.

London—Trade here and in the surrounding country is more active, following upon the arrival of warmer weather.

Retail business has taken on a better tone during the past week and there is now a better movement to sorting lines.

FOUR SOCIALISTS. Drury, Philip Thompson, Lindala, and Simpson For Toronto.

Toronto, May 4.—Eight Socialist candidates have been chosen by their party as "A" and "B" candidates in the four Toronto seats.

One of them is E. A. Drury, recently arrested in the act of addressing a band of followers on a street corner.

These candidates stand for collective ownership, and the abolition of capitalism. They are as follows: West Toronto, Philip Thompson and E. A. Frost; North Toronto, Jas. Lindala and Jas. Simpson; South Toronto, Leon Treder and Luigi Del Negro; East Toronto, Wilford Gribble and E. A. Drury.

In East and West York the respective candidates are W. L. Anger and W. M. Peel.

A FAKIR. He Was Neither Deaf Nor Blind Nor Was He Poor.

Chicago, May 4.—A supposed deaf mute and partly blind mendicant, who had been arrested, was fined \$30 and costs yesterday by Municipal Judge Wells.

As if by magic the man's hearing and eyesight were restored, and he took \$50 from one of his pockets and counted out the amount of his fine. He was then searched by the police and a bank book, showing deposits of \$1,462, was found. The man's name is Thomas Cantizaro, and he is 67 years old.

THE TIDE OF IMMIGRATION. Effort to Turn It to Australia and Other Colonies.

London, May 4.—The Chamberlain Distress Committee has asked the Central Unemployed body whether, in view of the serious obstacles placed in the way of emigration by the Canadian Government, suitable men and their families could not be sent to Australia and the other colonies.

The Glasgow committee has decided to discontinue emigration in consequence of the belief that while the type of man required by Canada would be beneficial to the Dominion, it would be a disadvantage to Glasgow to lose them.
