A couple of days ago the fact that a watch was stolen from Mrs. Victoria Campbell at Northwood, was advertised in The Planet. As a result of that item appearing in this journal the watch has been recovered.

Some time ago Harry Ball got a watch for \$1 in a certain deal. He thought it was cheap and no good and was about to sell it again when his wife saw the before mentioned item in The Planet. Upon comparing the watch with the description she found that her husband was in possession of the missing watch. As a result the stolen property is now in the hands of Chief Holmes, who is waiting for the owner to come and claim the property. Mr. Ball is out \$1 in the deal, however.

## SERIOUS CASE

Humane Officer James McGregor  
Finds a Horse Which was Not in  
Fit Shape for Driving

A woman came to town on Saturday driving a horse which was in an awful shape. The poor animal had what is known among horsemen as a "side-bone" on its foot. When Detective McGregor found the horse on King St. the poor creature could not stand without pain.

He waited around for about an hour looking for the woman, but she did not show up. He got tired waiting at last and put the horse in a barn, where the woman got it later and drove home. Mr. McGregor says if that horse ever comes to Chatham again in that shape he will prosecute the driver.

"It is very seldom I find a woman abusing horses," he told The Planet, "but this was a very serious case. I have found out that women are more cruel than men, as this one did not come back to claim her horse. She must have seen me hanging around."

"The blood is the life." Science has never gone beyond that simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. No one can be well balanced in mind and body whose blood is impure. No one can have a wholesome and pure life unless the blood is pure. Foul blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. When the blood is pure, body and brain are alike healthy, and life becomes a daily happiness.

Free—Dr. Pierce's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamps to defray expense of mailing and customs. Send 31 one-cent stamps for paper covers, or 50 stamps for cloth. To Dr. R. V. Pierce, 603 Main St., Buffalo, N. Y.
